Message from General Manager/Training & Research

This month has been remarkable for the Heavy Haul Institute, marked by significant achievements and initiatives. To promote a peaceful and focused environment, we introduced morning prayers for trainees. On the 19th Foundation Day, Disaster Management SOP was inaugurated by senior officials. We take pride in the recognition of two Junior Managers awarded a group award for their contribution in HHI.

Our trainees actively participated in Vigilance Awareness Week, with one trainee earning a certificate and trophy presented by MD/DFCCIL. To enhance practical learning and operational excellence visits were organized to various stations & ICDD Dadri. In pursuance of directions of Shri. Praveen Kumar, MD/DFCCIL, a guided tour to National War Memorial, and Rashtrapati Bhavan, was conducted providing exposure to heritage of our nation. Knowledge-building sessions on cyber security and book reviews further enriched the learning of trainees.

A Key highlight for the month of November was the signing of an MoU with IIT Roorkee under the guidance of MD/DFCCIL, reinforcing our commitment to innovation at HHI. These efforts underscore our dedication to fostering excellence and holistic development at HHI.
