- 5.12.4 In the event of the Engineer/DFCCIL being of the opinion that the Contractor is not employing on the works a sufficient number of staff and workmen as is necessary for proper completion of the works within the time prescribed, the Contractor shall forthwith on receiving intimation to this effect deploy the additional number of staff and labour as specified by the Engineer/DFCCIL within seven days of being so required and failure on the part of the Contractor to comply with such instructions will entitle the Railway/DFCCIL to rescind the contract under terms and conditions of the contract.
- 5.12.5 The Contractor shall also employ Qualified Graduate Engineer or Qualified Diploma Holder Engineer, based on value of contract, as may be prescribed by the Ministry of Railways/DFCCIL through separate instructions from time to time.

5.13 SUPPLY OF CEMENT:

- 5.13.1 Ordinary Portland cement of 53 grade/OPC or as directed by Engineer In-Charge/DFCCIL confirming to relevant code of practice will be used. If PPC used by contractor, then 5% of the schedule rate OPC will be deducted.
- 5.13.2 Cement shall be procured by the contractor from the main producers or their authorised dealer of approved make such as L & T, Ambuja, Grasim, A.C.C., JK cement

Tender No. "DFCC/ADI/ Dismantling/8/2014"
& Birla cement or any other reputed make as approved by Engineer/DFCCIL in charge. The decision of DFCCIL will be final and binding.

5.14 STEEL (STRUCTURE & REINFORCEMENT FOR WORK)

- 5.14.1 The Structural steel for above works is to be procured from primary producers having integrated steel plants namely SAIL, TISCO, RINL, JINDAL and shall confirm to stipulated BIS /IRS Specifications applicable.
- 5.14.2 Structural steel work shall conform to the requirement as specified in Indian Railway Unified Standard Specifications (Works and Materials) Vol. I & II.
- 5.14.3 The steel procured shall be reasonably free from cracks, surface flaws, laminations, rough and imperfect edges and all other harmful defects. Steel sections, shall be free from excessive rust, scaling and pitting and shall be well protected. The decision of the Engineer/DFCCIL regarding rejecting any steel section on account of any of the above defects shall be final and binding.
- 5.14.4 All leading, loading and unloading of steel should be done by contractor at his own cost. If there is any problem of pathways or approach road the same may be done by contractor at his own cost. However DFCCIL may allow the use of Railway/DFCCIL land for this purpose temporarily without any charge.
- 5.14.5 The storage of steel will be done by the contractor by appropriate means so that corrosion or any defect may not affect the quality of steel. Steel from plants should be accompanied by identification marks/cast marks which are required to be transferred to finished product even in case of small quantity. These provisions should be ensured by Contractor at the time of offering the steel for passing. In case of any dispute, the decision of DFCCIL will be final and binding.
- 5.14.6 Before use, contractor/s will be required to get the test certificate from the manufacturer pertaining to the various quality tests on steel reinforcement as specified in the relevant BIS Code.
- 5.14.7 In addition, DFCCIL will also take sample during the course of work at requisite frequency and get the steel tested to ascertain its conformity to the laid down Specifications at contractor's cost. Frequency of testing shall be as prescribed by the relevant Code or decided by the Engineer/DFCCIL.
- 5.14.8 For this works the reinforcement/steel for use shall be procured by the contractor only from the primary producers (namely SAIL/TISCO/RINL,JINDAL), which should conform to latest relevant, BIS specifications or as approved by CPM/DFCCIL AHMEDABAD will also be permitted.
- 5.14.9 Reinforcement steel bars shall normally be the TMT Steel bars or cold twisted deformed bars.
- 5.14.10 Quantity for this item shall be calculated as per nominal weight of steel section for the length actually used in the work. No payment will be made for the wastage and the contractor will be allowed to take away the scrap and excess steel away

from site.

- 5.14.11 The contractor shall be responsible for getting the measurement of steel entered in to steel register and signed by the Engineer in charge/DFCCIL of the work before concreting is done to avoid dispute regarding quantity of steel used in the work.
- 5.14.12 The rates quoted for this item is deemed to be inclusive of the cost of binding wire and no separate payment shall be admissible for the same.
- 5.14.13 The steel shall be kept by the contractor under his custody at the site of work and Railway/DFCCIL will not be responsible for any theft thereof.
- 5.14.14 The quantity so payable under relevant item shall be restricted to the quantity as per approved plan/drawing and decision of the Engineer in Charge/DFCCIL in this regard shall be final and binding upon the contractor.

5.15 ROAD TAX CHARGES:

- 5.15.1 Road Tax/Charges levied by Government for movement of vehicles of contractor, used in transportation, shall be borne by the contractor and no re-imburement on this account will be made by the Railways/DFCCIL.

5.16 SUPPLY OF WATER

- 5.16.1 The contractor shall be responsible for the arrangements to obtain water necessary for his labours engaged in execution of work. No arrangement will be made by the Railway/DFCCIL Administration for supplying water to the contractor either for drinking purpose or execution of work. Rates quoted shall include the cost of arranging water with all lead and lift.
- 5.16.2 Water available locally in wells, creeks or nallahs may be brackish water at some locations. It should be noted that the brackish water shall not be used in all classes of masonry, reinforced and plain cement concrete work. In addition, water used for the above works shall be free from earthy, vegetable or organic matter, oils, acids and alkaline substances in solution or in suspension and impurities and shall be fit for drinking. Contractor shall have to arrange the suitable water for successful execution of the work.

5.17 SUPPLY OF ELECTRICITY:

- 5.17.1 The contractor has to make his own arrangements with the local Electricity body for power supply required for carrying out the work including lighting arrangements. The work may be required to be carried out round the clock, if it is considered necessary by Engineer/DFCCIL due either to requirement of the work or for speeding up the progress of the work so as to adhere to the target date of completion of all the items of the work.
- 5.17.2 The Contractor should also keep sufficient standby generators ready so that the progress of work is not affected or stopped in the event of interruption in the power

Tender No. "DFCC/ADI/ Dismantling/8/2014"

supply due to power cut or any other failure. All these arrangements at site including those required for lighting will have to be done by the Contractor at his own cost. The rates quoted by the Contractor shall be deemed to include cost of providing all the above arrangements including standby generators. The Contractor shall however, be responsible for ensuring that none of the statutory labours laws or electricity acts are infringed.

5.17.3 Electric Supply can be given by the Railway/DFCCIL if possible on payment of usual charges as per rules in consultation with Electrical Department.

5.18 CONTRACTOR'S RESPONSIBILITY FOR TEMPORARY WORKS/MATERIALS, SITE OFFICE AND FIELD LABORATORY.

5.18.1 The contractor shall from time to time provide at his own cost all dams, cofferdams and all other temporary works of whatever nature and temporary materials necessary for the construction, completion and maintenance of the works which are the subject of the contract and shall from time to time submit for the information of the Engineer/DFCCIL, drawing showing in detail, the type and construction of temporary embankment and other works which he proposes to adopt and construct and the exact position in which he proposes to construct and employ them during the progress of the works as directed by the Engineer/DFCCIL, furnish particulars and drawings of any other temporary works and details of other temporary materials in use for the sufficient security and safety of all embankment, temporary railway/DFCCIL connections and other temporary works or temporary materials which he may construct and/or employ and for all claims for damage to property or injury to persons arising out of any failure or accident to such materials from whatever cause such damage, injury, failure or accident may arise or happen and shall replace, construct, repair and maintain the whole or such embankments or other temporary works or temporary materials until they are certified by the Engineer/DFCCIL to be no longer required for the purpose of the contract.

5.18.2 Dewatering or any other suitable arrangements may be required for carrying out the foundations of works and part of the sub structures up to water level. It should be clearly noted that nothing extra shall be paid for all these arrangements and rates are deemed to be inclusive of all labour and materials and working under water etc. including timbering, shoring, strutting etc.

5.18.3 The Engineer/DFCCIL shall be at liberty to modify any or all of the drawings submitted by the contractor in connection with any of the aforesaid temporary works and the execution of such temporary works shall not be commenced until the said drawings or modified drawings have been approved. But examination by the Engineer/DFCCIL of the contractor's drawings or any approval expressed by him with regard to the rate, or to the materials, thereof or therefore either with or without modification shall not absolve or relieve the contractor from any of his liabilities in connection there with under the contract.

5.18.4 The contractor shall before handing over the works or any part thereof to DFCCIL, dismantle and remove all temporary works and temporary materials but such removal shall not be effected without the previous written approval of the

Engineer/DFCCIL and the contractor shall comply with the directions, if any, given to him as to the method of removal and/or disposal.

5.19 SETTING UP OF FIELD LABORATORY

5.19.1 Mainly Compressive strength of bricks and cement concrete cubes, grading of coarse and fine aggregate are required to be tested in this work. Contractor will arrange a compressive strength testing machine, one sieve set ranging 40mm to 75 micron sieves including appropriate weigh balance complete with all accessories and silt jars in sufficient numbers on his own cost. All the pressure gauge, of the machines, and other measuring equipments shall be of approved makes and will be got checked / calibrated regularly as directed by the Engineer/DFCCIL and necessary certificate furnished to the Engineer/DFCCIL by the contractor. The contractor shall render all reasonable assistance and help in carrying out the checks and tests. Cube testing machine will be provided in centralized location or in DFCCIL office complex as directed by the Engineer In-charge/DFCCIL.

5.19.2 All the equipments, machinery etc. shall be kept in good working conditions. The cost of setting up the laboratory, equipping and maintaining the same including the cost of Electricity/lights & conducting of tests on materials and cubes shall be borne by the contractor. However for small works contractor will arrange all required testing in approved lab elsewhere at his own cost as directed by the Engineer/DFCCIL. The decision will be DFCCIL will be final & binding.

5.20 PRODUCTION OF TEST CERTIFICATES:

5.20.1 The contractor shall have to produce Test Certificates for items of material procured by him for use in the work as may be called for by the Engineer/DFCCIL or his representative to establish that the materials conform to the specification for the works. The Contractor shall produce Test Certificates issued by an authority acceptable to the Engineer/DFCCIL in regard to the relevant properties of high tensile steel wires, reinforcement steel or structural steel (as supplied and used by the Contractor) including the country name of manufacturer.

5.21 ROUTINE TESTS AND ADDITIONAL TESTS

5.21.1 Routine tests on various materials shall be carried out as per the "IR Unified Standards Specifications for works & materials" or the relevant BIS Codes. In addition to the tests required under clauses thereof, the Engineer/DFCCIL or his representative may order tests to be carried out by an independent person appointed by him at such place or in such laboratory as he may determine in accordance with the appropriate clauses of relevant Standard Specifications and the cost of such tests shall be borne by the contractor.

5.22 INSPECTION OF MATERIALS

5.22.1 Whenever the Engineer/DFCCIL or his representative gives notice to the contractor that materials are to be inspected at the site, the contractor shall having regard to

the inspection, test or examination required, give to the Engineer/DFCCIL or his representative sufficient notice of such materials being ready for inspection.

5.22.2 Delay to works arising from the late submission of such notice will not be acceptable as reason for delay in the completion of the works.

5.23 REJECTION OF MATERIALS

5.23.1 Contractor will arrange all facilities required for testing of any material to be used as and when required by DFCCIL.

5.23.2 The Engineer/DFCCIL or his representative shall have the right to order at any time, that any construction materials which do not meet with his approval shall not be used in the works. Such rejected materials shall be removed from the site by the contractor at his own expenses, not withstanding any prior approval which might have been given earlier. Once a particular material is rejected by Engineer/DFCCIL, an entry to that effect should be made in material passing register.

5.23.3 The instructions to the contractor to remove the rejected material within reasonable time as given by the Engineer/DFCCIL should be complied by the contractor/s at his own cost.

5.23.4 In case of default on the part of the contractor in removing rejected materials within the time specified in notice, the Engineer/DFCCIL shall be at liberty to have them removed by other means at the cost of the contractor. Failing which necessary action will be taken by DFCCIL as per tender condition.

5.24 CONSTRUCTION EQUIPMENTS:

5.24.1 The contractor shall arrange and operate at his own cost, all necessary tools, plants, machineries and equipments necessary for successful and timely completion of the work.

5.24.2 If in the opinion of the Engineer/DFCCIL, equipment/plants brought by the contractor are not suitable for the work concerned, the Engineer/DFCCIL shall have the right to order the contractor to replace them by suitable plants/equipments. In the interest of public convenience, the Engineer/DFCCIL may insist on a specific way of execution of the work.

5.24.3 The contractor shall be required to give a trial run of the equipments for establishing their capacity to achieve the laid down specifications and tolerance to the entire satisfactions of the Engineer/DFCCIL before commencement of any work.

5.24.4 All equipment's provided shall be of proven efficiency and shall be operated and maintained in a manner acceptable to Engineer-in- charge/DFCCIL.

5.24.5 No equipment shall be removed from the site without prior permission of the Engineer- In-charge/DFCCIL.

5.25 MACHINERY AND PLANT.

- 5.25.1 The contractor will be entirely responsible to arrange all necessary machinery including concrete mixers, weigh batcher, vibrators, tools and plants and their spare parts required for sufficient and methodical execution of work and transport them to the site of work. Delay in procurement of such items due to their non-availability on account of import difficulties or any other cause whatsoever, will not be taken as excuse for slow or non-performance of the work. Safety of plants and machinery will be the responsibility of the contractor and for any loss due to any cause or wash away in flood, or otherwise, no claim will be entertained on this account whatsoever.
- 5.25.2 The contractor shall make his arrangements for all plants and machinery, equipment's, including spare parts, fuel and consumable stores and all labour required to ensure efficient and methodical execution of the works. The rates quoted and accepted shall be deemed to be inclusive of all charges for such items.

MAINTAINING RECORD OF CONSTRUCTION WORK:

- 5.25.3 The contractor is required to take and supply to the Engineer-in-charge colored photographs detailing the various stages of construction/demolition activities and achievements of milestones as directed by the Engineer-in - charge.
- 5.25.4 The coloured photographs shall be taken by the contractor of various activities pertaining to the work at regular intervals as directed by the Engineer-in-charge. A sets of 5"x4" prints of each shall be supplied. The negatives or soft copy of all the photographs taken shall be supplied to the Engineer-in-charge.
- 5.25.5 All the cost of reels, taking, developing and printing etc. shall be deemed to have been included in rates quoted against various items and nothing extra shall be paid for the item of work under the clause as above. The DFCCIL shall have full ownership of copyright of these entire photograph and the contractor shall indemnify the DFCCIL against any claim of any sort.

- 5.26.2 The contractor shall give notice to the Engineer/DFCCIL when and as soon as the excavation of any portion of site for obtaining foundation or bottom, whether above or below water, has reached the depth and width shown on the drawings. The contractor shall also give further notice to the Engineer/DFCCIL, when ever any foundation or bottom is ready for inspection and whenever it is necessary to cover up a work in respect of which previous inspection is desired by the Engineer/DFCCIL, so that the engineer/DFCCIL may inspect the same before it is covered up. In default of such notice with suitable time limit to inspect, the foundation or bottom of work shall on the order in writing of the Engineer/DFCCIL, be uncovered and any filling put in or work built thereon be removed or pulled down by the contractor at his own cost.

- 5.26.3 If any work (whether temporary or permanent) or materials, the value of which has been included in an on account bill is destroyed or damaged or has/have, for any other reasons, to be replaced or restored by the contractor, no extra payment shall be made by the DFCCIL to the contractor.
- 5.26.4 The contractor will ensure that if minimum water way of the bridge is blocked during the course of construction then such blockage is removed by him at his own cost before the middle of June ever year or as directed by the Engineer/DFCCIL. Any damage to the bridge on this account will be the contractor's responsibility.
- 5.26.5 No claim for extra payment shall be entertained on account of interruption to work due to rain, floods or due to delay in acquisition of land in some portion, delay in arranging closure of water channels etc.
- 5.26.6 There may be a water supply/sewerage/any other underground/overhead line passing at the site of work and any delay in its shifting/adjusting will not entitle the contractor to any claim whatsoever.
- 5.26.7 Work will have to be done in close co-operation with the other departments/agencies if any.
- 5.26.8 **Emergency Works:** In the event of any accident or failure occurring in the execution of work/ arising out of it which in the opinion of the Engineer/DFCCIL requires immediate attention, the Railway/DFCCIL may bring its own workmen or other agency/agencies to execute or partly execute the necessary work or carry out repairs if the Engineer-in-charge/DFCCIL considers that the contractor(s) is/are not in a position to do so in time without giving any notice and charge the cost thereof, to be determined by the Engineer-in-charge/DFCCIL, to the contractor.
- 5.26.9 **Anti-larval Works:** During the execution of the works against this contract the contractors shall be responsible for anti-larval work at his/their own cost.
- 5.26.10 **Non-Itemized Works:** Where items not covered by the schedules are to be executed the rates for such non-itemized works shall be negotiated before the commencement of such work or got executed through any other agency at the discretion of the Railway/DFCCIL Administration.
- 5.26.11 **Time Is The Essence Of Contract:** Time being the essence of contract all the works are required to be completed in all respect as stipulated by the Railway/DFCCIL within the completion date. Progress shall be maintained strictly in accordance with program given by the Engineer-in-charge/DFCCIL from time to time.
- 5.26.12 **Lead And Lift On Contractor's Materials:** No lead and lift for the contractor's material is payable for the works executed under this contract.
- 5.26.13 **Cutting/Up Rooting Of Trees:** No extra rate shall be paid for cutting or up-rooting trees but the contractor would be authorized to take away the tree observing the forest laws of the land, unless otherwise specified in the contract separately.

5.26.14 **Service Roads:** The contractor will be permitted to make use of the service roads already existing in possession of the Railway/DFCCIL. If construction of any additional roads within Railway/DFCCIL premises is considered necessary and agreed to at contractors request ,the contractor will be required to make them at his own cost and maintain them till the work is completed. Contractor shall construct any service roads, required outside the Railway/DFCCIL boundary, at his own cost. Railway/DFCCIL reserves the right to make use of service roads, made by the contractor, as and when necessary without any additional payment to the contractor. Any damages caused to the existing roads, due to use by contractor, shall have to be made good by the contractor, at his own cost.

5.27 NOTICE TO PUBLIC BODIES

5.27.1 The contractor/s shall give to the municipality, police and other authorities, all notices that may be required by law and obtain all requisite licenses for temporary obstructions, enclosures and pay all fees, taxes and charges, which may be levied on account of his operations while executing the contract. - j) The list given above is not exhaustive, contractor has to take additional measures, where required as per Standard Norms and Government Regulations.

5.34 RATES:-

- 5.34.1 The rates entered in the accepted Schedule of Quantities and Rates, are intended to provide for works duly and properly completed as per contract conditions and specifications for the whole of the work as described under Scope and Details of work.
- 5.34.2 The rates quoted by tenderer and accepted by the Railway/DFCCIL Administration shall hold good till the completion of the work and no additional, individual claim shall be admissible on account of fluctuation in market rates, increase in taxes any other levies/tolls etc. No price escalation is permitted and price escalation clause is not permitted in this tender.
- 5.34.3 The contractor should note that the rates quoted are inclusive or as otherwise provided in contract embrace for all operational necessary for the satisfactory completion of the work to finish and shall include all charges for handling, loading, transport, lead, lift, labour housing, sanitation, materials, machinery, tools and plants, fuel, electric power, workshop facilities, security, lighting etc. all other expenses of every kind.
- 5.34.4 The rates as given for the different items of work are deemed to be workable rates for the respective item of work without being dependent in any manner whatsoever on the quantity specified against the concerned item of work or on the rates and quantity specified for any other item of work in Schedule of Quantities and Rates, part of the tender documents.
- 5.34.5 The rates quoted shall take into account the precautions and special arrangements necessary for execution of works under traffic conditions, with least disruption to traffic. No extra payment shall be admissible on this account under any

Tender No. “DFCC/ADI/ Dismantling/8/2014”

circumstances. Railway/DFCCIL will however, arrange for blocks of traffic during work only to the extent as considered sufficient for the works by the Railways/DFCCIL. The Contractor will not be entitled for any compensation, if there be any delay in arranging these blocks or the block period be of shorter duration as considered by the Contractor.

- 5.34.6 The contractor/ agency shall give consent in a mandate form for receipt of payment through ECS/EFT/RTGS. Charges if any will be on account of the contractor. The Contractor/ agency shall provide the details of Bank Account in line with RBI guidelines for the same. These details would include Bank Name, Branch name and address, Account type, Bank A/c No. and Bank and Branch Code as appearing on MICR cheque issued by the Bank. In case where ECS/EFT facility is not available, payment shall be released through A/c payee Cheque.
- 5.34.7 The contractor/ agency shall submit bills, in duplicate, to the CPM/DFCCIL/Ahmedabad office for the period. Bills having cutting and over-writing shall not be entertained unless authenticated by the user.
- 5.34.8 TDS as applicable shall be deducted from the bills of the contractor/ agency.
- 5.34.9 If the billed amount is found to be incorrect during the detailed scrutiny then penalty of 5% of the billed amount shall be imposed and deducted from the bill.
- 5.34.10 No Price escalation is permitted an price escalation clause is not permitted in this tender.

5.35 QUANTITY VARIATION:-

- 5.35.1 The procedure detailed below shall be adopted for dealing with variations in quantities during execution of the contract:
- 5.35.2 The DFCCIL shall be entitled by order in writing to enlarge or extend, diminish or reduce the works or make any alterations in the character position, quantities, dimensions or in the method of their execution or in the combination and use of materials for the execution thereof or to order any additional work to be done or any works not to be done and the contractor will not be entitled, to any compensation for any increase/reduction in the quantities of work but will be paid only for the actual amount of work done and for approved materials supplied against a specific order.
- 5.35.3 Individual NS items in contracts shall be operated with variation upto plus 50% and minus 50% and payment would be made as per the agreement rate.
- 5.35.4 The variation in quantities as per the above formula will apply only to the Individual items of the contract.
- 5.35.5 Variation in quantities of individual items beyond 150% will be prohibited and would be permitted only in exceptional unavoidable circumstances with the concurrence of associate finance and approval of competent authority of DFCCIL.

5.36 COMPLETION CERTIFICATE:

- 5.36.1 The work shall not be considered to have been completed in accordance with the terms of contract, until the Engineer in charge/DFCCIL shall have issued a certificate in writing to that effect. No approval of materials or workmanship or approval of any kind of work during progress or execution shall bind the Engineer in charge/DFCCIL or in any way prevent him from rejecting whole or a part of the work. The Engineer in charge/DFCCIL may withhold the issuance of the completion certificate; till such time such alteration modifications and / or reconstruction have been carried out ordered by him. All such alterations, modifications and / or reconstruction shall be carried out by the contractor at his own cost.
- 5.36.2 After the work is completed, the contractor/s shall give notice of such completion to the Engineer-in charge/DFCCIL and within 30 days of receipt of such notice the Engineer-in-charge/DFCCIL shall have the work inspected and if there is no defect in the works, shall furnish the contractor/s with a certificate indicating the date of completion. However, if there are any defects, which in the opinion of the Engineer-in-charge/DFCCIL are rectifiable, he shall inform the contractor/s the defects noticed. The contractor/s after rectification of such defects shall notify the Engineer-in-charge/DFCCIL and then the Engineer-in-charge/DFCCIL on his part shall have it inspected again and issue the necessary completion certificate within 3 days, if the defects are rectified to his satisfaction, and if not he shall inform the contractor/s indicating defects yet to be rectified. The time cycle as above, shall continue.
- 5.36.3 In case defects noticed by the Engineer-in-charge/DFCCIL, or representative which in his opinion are not rectifiable but otherwise acceptable at reduced payment, work shall be treated as completed. The rates of such items for reduced payment will be worked out by DFCCIL. The decision of DFCCIL will be final and binding. In such case completion certificate shall be issued by the Engineer-in-charge/DFCCIL within 30 days indicating the unrectifiable defects for which specified reduction in payment is being made by him.
- 5.36.4 The contractor shall ensure removal of engineering debris after completion of the work. The final payments will be released by DFCCIL only when the debris has been removed by contractors.

5.37 TIME SCHEDULE:

- 5.37.1 The total time allowed for the completion of work is as per clause no. 2.2, table SL-3, including mobilization of Man Power and machines etc. at site, to be reckoned from the date of issue of letter of acceptance by DFCCIL.

5.38 ADDITIONAL WORK:

- 5.38.1 Engineer or representative of DFCC shall have the power to make any alteration, deletion, addition or substitution in the original scope and specification of work and no claim whatsoever on account of the above shall be entertained except for the payment for the actual work done on agreed rates for original items of the contract and negotiated and approved rates for new item.

5.39 CONFLICT OF INTEREST:

5.39.1 Normally a company / firm individually or as a member of the JV/Consortium, who is awarded this work, will not be permitted to bid for the construct tender or design and construct tender for the same work.
