1. The Government of India, Ministry of Railways have applied for a loan from the Japan International Cooperation Agency (JICA) towards the cost of Western Dedicated Freight Corridor Project and it intends to apply part of the proceeds of this loan to payments under the Loan Agreement No. ID P-229. The Dedicated Freight Corridor Corporation of India Ltd (DFCCIL) intends to prequalify contractors and/ or firms for “Design and Construction of Civil, Building and Track works for double line Railway involving formation in Embankments/ Cuttings, Bridges, Structures (excluding Civil works for Bridges over Railways and Water main, and across Creek and Ulhas River and formations in Embankment/ Cutting and structures in their approaches on both sides), Buildings, ballast on formation, Track works (including Track work on bridges over Railways and water main, and across Creek and Ulhas River and formations in Embankment/ Cutting and structures in their approaches on both sides) including Testing And Commissioning on Design-Build lump sum price basis for JNPT – Vaitarana Section of Western Dedicated Freight Corridor (Phase-2)”. It is expected that invitations for bid will be made in March, 2014.
2. **Brief Description of Works:** The Dedicated Freight Corridor of India Limited (DFCCIL) (hereinafter referred to as “the Employer”) intends to prequalify contractors and/or firms for design and construction of Contract Package CT P-11.

The stretch for Packages 11 (JNPT – Vaitarana) is 102 km long and is basically located along JNPT – Panvel – Diva – Vasai road of Central Railway and Vasai Road – Vaitarana Section of IR Western Railway. Detours have been planned at Kundevahal (1.5 km), at Dativai (4.04 km) and at Vasai (16.8 km). About 78% of the proposed DFC alignment between JNPT and Vaitarana is passing parallel to the existing IR Central and Western Railways and the remaining 22% of the alignment is passing through detours.

Construction of 8 nos. of Special Steel Bridges located within the route of Packages 11, including their approaches of 200m/100m length from abutments on both sides (except for the bridges forming part of viaducts) of the bridges, has been planned to be taken up under separate contract namely Packages 15A as ‘Open Web Welded

Through Truss Bridges' and is excluded from the Scope of Work of Package 11. However, the necessary track work for these 8 nos. of Special Steel Bridges and their approaches on both sides have been included in the Scope of Work for Packages 11.

The contractor shall undertake the design, construction, manufacture, supply, installation, testing and commissioning of the Civil, Structures, Buildings and Track works including and without limitation, the design, construction and removal of any Temporary Works.
