Dated: 01.07.2013

Sub.: Pre submission Queries regarding PQ document issued on 11.04.2013 for CST works Mughalsarai – New Bhaupur Section of Eastern DFC.

S.No	Reference No. of PQ Document	Applicant's Query	Clarification by DFCCIL
71.		ITA 25.1 set out in Section II (Pre-qualification Data Sheet) of the Pre-qualification Document states that: "The Financial Situation and Experience of Associates, Parent Companies or Sister Companies shall not be considered unless they are part of JV." We wish to seek a clarification from you on the following query: Whether pursuant to ITA 25.1, a newly incorporated wholly owned subsidiary (WOS) (being a part of a bidding consortium comprising of, amongst others, its parent company) could rely on the credentials and statements of its parent company for meeting the requirements of Section III (Qualification Criteria and Requirements) of the Pre-qualification Document, including the 'must meet requirements' which each member of a joint venture is otherwise required to individually meet?	No. Newly incorporated wholly owned subsidiary (WOS) being part of the JV must meet requirement related with each member.
72	S.No: 10 of Addendum issued on 18.06.2013 Section III,,Qualifying Criteria and Requirement Para 4(b),(I ⅈ), page 31 & 32 of the tender documents.	Clarification sought: Col 1 pertaining to JV for the above says that jointly the parties should meet the requirement. Keeping this as it is, the column 3 has now been modified to read: While for JV members, the 60% requirement will be met by one member in one year and the balance should be met by another member(s) in another one year(s) within the allowed period." We would like to know if one member of the JV fulfills 100 % of the Qualifying requirement will the JV get qualified.	Yes. If one member of the JV fulfills 100% of the Qualifying requirement in one year, the JV will get qualified.
