No. 2019/HQ/Admin/RTI-306

New Delhi: 15.04.2019

Sh. V Kumar
UP

Subject: Providing information w.r.t. Original Application received under the RTI Act.2005.

Reference: Your RTI Application (Registration No. DFCCCL/R/2019/80018 & 80019) dated 10.04.19 received through DOPT.

The information sought for involves several department dealing with various contracts. Secondly, it calls for examination of each contracts for replying to 10 main points which are again contains 15 sub- points. That means, in order to provide information the CPIO has to collect and assimilate data from different directorates/offices in respect of all the contract details, compile those data examining each of the contracts to reply to those 10 main points and 15 sub-points (since no such data is centrally maintained) which is not possible for the CPIO because the exercise will be of huge in nature requiring huge investment of resources which the CPIO feels disproportionate to the public interest involved.

The request is thus rejected under section 7(9) of RTI Act. However, if the applicant asks for any specific contract, the CPIO will certainly provide the information. Further, the company's website may also be seen where the details of tenders awarded are displayed/updated from time to time.
