Sub: Appeal disposal

Ref: Appeal dated 15.05.19 received on 22.05.19.

Your appeal has been considered and it is found that;

Your initial appeal was for non-reply which is baseless. As such the same was not considered because, before 30 days period the CPIO has given a reply to you on date 14-5-19. After getting reply you have preferred another appeal dated 6-8-19. In this appeal you have asked for the details saying the reply is incomplete and misleading. On examination of it is found that you have asked for information which concerns many CPM/CGM offices and obtaining information from all those offices is not feasible nor such data is available in a centralised manner. However, information pertaining to Tundla covering Aligarh, Agra and Kanpur (of total 338 farmers) is provided by Tundla which is sent to you herewith. For information pertaining to other project offices you need to apply separately for information pertaining to the CPM offices situated in Mughalsarai, Meerut, Allahabad (E), Allahabad (W) and Noida.

Hope you appreciate the position. Your appeal thus stands disposed of.
