**Duties of Junior executives/Electrical (N5 -N7)**

1. Every junior executive should be conversant with the safety rules pertaining to his work and be capable of independently attending to minor repair and adjustment work on OHE/PSI/E&M work. For this purpose he would be required to carry toolbox box with him wherever needed.
2. All jr. executives working in OHE shall look for the common types of defects on OHE when they are deputed for foot patrolling work and to report on defects noticed during such patrols to the reporting officers. He should also submit written report to their reporting officer in regard to foot patrolling and inspection work assigned to them.
3. All junior executives working in PSI should be able to carry out operation at switching stations on local control in an emergency under instructions from the TPC.
4. Junior executives OHE/PSI will take power blocks from TPC & deal with messages in connection with power blocks. All Jr Executives OHE/PSI will be issued competency certificates to take and cancel the power block.
5. Jr. Executive/OHE should make himself familiar with elementary sections of OHE in open route and yards in his jurisdiction. He should be able to isolate minimum faulty sections while availing the power blocks or while OHE is under break down.
6. Every junior executive should develop the ability to carry out the temporary repair in the event of breakdowns so as to restore traffic as quickly as possible and to deal with repairs necessary for all types of breakdowns.

The maintenance depot in-charge will ensure that sufficient numbers of junior executives/OHE who meet the eligibility requirement of tower wagon driver are given mandatory training for tower wagon driver. Trained junior executives nominated as tower wagon driver will work as tower wagon drivers and they will get various allowances as per policy circular no. 23/2021 of DFCCIL.
