Sub: Disposal of Appeal

Ref: Your appeal dated 20-06-2018.

Your above appeal has been examined and is seen that vide your RTI application dated 12.06.18 you had asked for information in question form which was very rightfully rejected u/s 2(f) of the RTI Act. by the CPIO.

Subsequent to that you appealed against the CPIO's reply slightly changing your queries which would have not been responded to because of deviation from the original contents in the RTI application. However, your appeal has been given due consideration and the comments received from the concerned branch are sent herewith.

With this your above appeal is disposed of.
