**Sub: Appeal disposal**

**Ref: Your Appeal dated 01.10.2018 through DOP&T portal.**

You seem to have appealed against the interim reply saying "refused access to information requested".

Your above appeal which is about non-reply has been given due consideration. It may be appreciated the fact that the CPIO collects information from offices which are situated at different project offices in different locations in India. Collection of information and compilation thus takes time. However, you had already been given an interim reply by the CPIO vide this office letter of even number dated 25-09-2018 through e-mail and also provided with the information on 08-10-2018 through both e-mail and by post.

Your appeal thus stands disposed of.
