The location at Km 1332/2-4 near OHE portal 1126 on Line No.8 DER/HSR end is found feasible for installation of EIMWB. This location is at 110m before the DN Rear Starter signal no. S-52 and after this Weighbridge there is 950m clear length (CSR) available on Line No.8 at JNPT side. There is 1 in 1408 fall-in gradient. The General arrangement drawing properly earmarked location is attached herewith.

The location of control room (size 4x3x3 mtr.) is proposed near off-side of future line no.10 (presently DN Hot Axle Siding) for computers and allied equipment. The room will have entrance gate off-side to station building and three windows on other three sides. In this room, split AC (1.5 tonnes) and sufficient lighting arrangements will be provided.

This location is found most suitable for Weighment of UP and DOWN rakes, coming from JNPT side, HSR side and DER side, and required loaded rakes can be weighed at this EIMWB (New Rewari Junction).

The approx. Estimated cost of control room will be Rs.6 lakhs (Civil:5 lakhs + Electrical: 1 lakh). Detailed estimate for this control room will be submitted shortly.

Performa for submitting Financial Offer- PACKET- B

Name of Work: “Development & Operation of Gati Shakti Multi-modal Cargo Terminal (GCT) for handling Container Traffic at Line No. 10 of New Rewari station Entirely/Partially on DFCCIL/Railway Land”

S N	Schedule/ Work	Description of applicable provisions related with Terminal Access charges' (TAC) ¹	Rate , expressed in terms of (-ve) percentage, reflected up to two decimal place, of TAC as mentioned in Column no- 2, of Bidder's expected share of TAC
1	Development & Operation of Gati Shakti Multi-modal Cargo Terminal (GCT) for handling Container Traffic at Line No. 10 of New Rewari Station Entirely/partially on Railway Land	TAC applicable from time to time (which, at present, is Rs. 1,60,000/- per rake per terminal for Group-I and Group-II CRT and 50% of the base rate for Group-III CRT).	<p>Percentage of TAC, as mentioned in adjoining column no.2:% (in figures)</p> <p>.....% (in words)</p> <p>Note :</p> <ol style="list-style-type: none"> 1. Quoting rates selecting “% above” option is prohibited and such quoted rate shall render the bid summarily rejected. 2. The bidder shall fill the rate at the designated field in IREPS. Quoting rate anywhere in the bid except at the designated field of IREPS shall not be considered for evaluation. 3. Bidder has to quote his rate only in the financial packet of Bid, quoting rate in the technical packet would render the bid summarily rejected. 4. At Par shall mean and be treated as 50% (which shall, also, be the maximum percentage of GCTO share, specified under the contract) of the TAC, as mentioned in the adjoining column no.2.

Remarks applicable to the Proforma for submitting Financial offer-Packet B (Annexure-VII), above;

1. The financial bid (Packet-B) of the tender document will contain only the rate offered (percentage of Terminal Access Charges) by the bidder which it will claim from DFCCIL/railways. Maximum value being 50% (i.e. maximum 50% of TAC will be claimed by the Bidder).
2. Contract shall be awarded to the eligible bidder bidding the **minimum percentage share** in Terminal Access Charges (TAC). Minimum % share will be calculated as per the procedure laid down at para 4 below.
3. **Kindly note that a single percentage offer rate has to be quoted by the bidder for Terminal Access Charges (TAC) not more than 50%.**
4. **Rate quoted will be converted as percentage (%) of TAC. It is to mention that, as IREPS module has provision of “% Above”, “At Par” and “% Below” options for quoting rates, for the present tender, only “At Par” and % “Below” options will be valid and accepted. That is, if a bidder quote a rate “At Par, then it would mean that it will take 50% of TAC and 50% will be share of DFCCIL/Railways. Further if a bidder quotes “% Below” rate, then it would mean that the percentage that it has entered**

plus 50% will be retained by DFCCIL/Railways and rest percentage will be taken by the bidder. During evaluation, the algebraic sum of 50% (maximum % value of the TAC Share) and aforesaid (-ve) percentage shall be taken;

Say for example,

- (i) If a bidder quotes **–At Par**, it shall mean in effect that Bidder claims to be allocated 50% of the TAC amount (as mentioned under column no-2), as GTCO share with remaining 50% being allocated to the IR
- (ii) If a bidder quotes below **(-)10%** in the third column, it shall mean in effect that Bidder claims to be allocated $[50\% - 10\% = 40\%]$ 40% of the TAC amount (as mentioned under column no-2), as GTCO share; and remaining 60% being allocated to the Indian Railways.

The maximum value which the bidder can quote is 50% below. If the bidder quotes more than 50% below then the bid shall be rejected.

4. Financial bid should contain schedule of rate entered into Financial Rate page of IREPS Website www.ireps.gov.in and should be digitally signed. Rate and any other financial entity in any other form/letter head if attached by bidder shall be straightway ignored and shall not be considered. In case of any variation between figures and words of the percentage share, the one quoted in words will be treated as final.
