Sir,

The reply received from your unit, as usual, is not in order for the reason that the applicant has been directed to collect information from other office (response to Item No-2). The dealing official should have transferred the application to that public authority, if the same is not in same office u/s6(3) of RTI Act, 2005. Vide Item No.3 he has been very specifically asked for the width and length of the service road and if, there is any specific amenities. Further, he has asked who has been awarded with the work and whether it is completed and if not, any penalty imposed for that. He has not asked for the reason of non completion of the work which the dealing hand has resorted to describe in a futile way. The reply should have been to the point and limited to his queries. In response to point No.1 he asked for the copy of work order which should have been provided without calling him to the office for the purpose. In view of the above the reply be reviewed and revised reply may please be sent.
