In case of any other currency, the same shall first be converted to US Dollars as on the last day of month previous to the one in which tender is invited, and the amount so derived in US Dollars shall be converted into Rupees at the aforesaid rate. The conversion rate of such currencies shall be the daily representative

	exchange rates published by the International Monetary Fund for the relevant date or immediately previous date for which rates have been published.
	As per Clause No. 10.1 of Tender Form (second Sheet) of Annex. I of Part-I of GCC APRIL-2022, with up to date correction slip.
15.7	If a bidder has successfully completed a work as subcontractor and the work experience certificate has been issued for such work to subcontractor by a Govt. organization or public listed company as defined in Note for Item IO.I part-I of GCC, the same shall be considered for the purpose of fulfillment of credentials.
15.8	Explanation for clause 15 (clause 15.1 to 15.6) - Eligibility Criteria: 1) Substantially Completed Work means an ongoing work in which payment equal to or more than 90% of the present contract value (excluding the payment made for adjustment of Price variation (PVC), if any) has been made to the contractor in that ongoing contract and no proceedings of termination of contract on Contractor's default has been initiated. The credential certificate in this regard should have been issued not prior to 60 days of date of invitation of present tender.
	2) In case a work is started prior to 07 (seven) years, ending last day of month previous to the one in which tender is invited, but completed in last 07 (seven) years, ending last day of month previous to the one in which tender is invited, the completed work shall be considered for fulfillment of credentials.
	3) If a work is physically completed and completion certificate to this extent is issued by the concerned organization but final bill is pending, such work shall be considered for fulfillment of credentials.
	4) In case of completed work, the value of final bill (gross amount) including the PVC amount (if paid) shall be considered as the completion cost of work. In case final bill is pending, only the total gross amount already paid including the PVC amount (if paid) shall be considered as the completion cost of work. In case of substantially completed work, the total gross amount already paid including the PVC amount (if paid), as mentioned in the certificate, shall be considered as the cost of substantially completed work.
	5) If a bidder has successfully completed a work as subcontractor and the work experience certificate has been issued for such work to the subcontractor by a Govt. Organization or public listed company as defined in Note for Item 10.1 Para 10 of the Tender Form (Second Sheet) of GCC APRIL-2022, the same shall be considered for the purpose of fulfilment of credentials.
	6) In case a work is considered similar in nature for fulfillment of technical credentials, the overall cost of that work including PVC amount if any shall be considered and no separate evaluation for each component of that work shall be made to decide eligibility.
	7) In case of newly formed partnership firm, the credentials of individual partners from previous propriety firm(s) or dissolved previous partnership firm(s) or split previous partnership firm(s), shall be considered only to the extent of their share in previous entity on the date of dissolution / split and their share in newly formed partnership firm. For example, a partner A had 30% share in previous entity and his share in present partnership firm is 20%. In the present tender under consideration, the credentials of partner A will be considered to the extent of 0.3*0.2*value of the work done in the previous entity. For this purpose, the tenderer shall

- submit along with his bid all the relevant documents which include copy of previous partnership deed(s), dissolution deed(s) and proof of surrender of PAN No. (s) in case of dissolution of partnership firm(s) etc.
- 8) In case of existing partnership firm, if any one or more partners quit the partnership firm, the credentials of remaining partnership firm shall be re-worked out i.e., the quitting partner(s) shall take away his credentials to the extent of his share on the date of quitting the partnership firm (e.g. in a partnership firm of partners A, B & C having share 30%, 30% & 40% respectively and credentials of Rs 10 crore; in case partner C quits the firm, the credentials of this partnership firm shall remain as Rs 6 crore). For this purpose, the tenderer shall submit along with his bid all the relevant documents which include copy of previous partnership deed(s), dissolution deed(s) and proof of surrender of PAN No.(s) in case of dissolution of partnership firm(s) etc.
- 9) In case of existing partnership firm if any new partner(s) joins the firm without any modification in the name and PAN/TAN no. of the firm, the credentials of partnership firm shall get enhanced to the extent of credentials of newly added partner(s) on the same principles as mentioned in item 6 above. For this purpose, the tenderer shall submit along with his bid all the relevant documents which include copy of previous partnership deeds, dissolution/splitting deeds and proof of surrender of PAN No.(s) in case of dissolution of partnership firm etc.
- 10) Any partner in a partnership firm cannot use or claim his credentials in any other firm without leaving the partnership firm i.e., In a partnership firm of A&B partners, A or B partner cannot use credentials of partnership firm of A & B partners in any other partnership firm or propriety firm without leaving partnership firm of A & B partners.
- 11) In case a partner in a partnership firm is replaced due to succession as per succession law, the proportion of credentials of the previous partner will be passed on to the successor.
- 12) If percentage share among partners of a partnership firm is changed, but the partners remain the same, the credentials of the firm before such modification in the share will continue to be considered for the firm as it is without any change in their value. Further, in case a partner of partnership firm retires without taking away any credentials from the firm, the credentials of partnership firm shall remain the same as it is without any change in their value.
- 13) In a partnership firm "AB" of A&B partners, in case A also works as propriety firm "P" or partner in some other partnership firm "AX", credentials of A in propriety firm "P" or in other partnership firm "AX" earned after the date of becoming a partner of the firm AB shall not be added in partnership firm AB.
- 14) In case a tenderer is LLP, the credentials of tenderer shall be worked out on above lines similar to a partnership firm.
- 15) In case company A is merged with company B, then company B would get the credentials of company A also.

The contractor shall make good the damages at his cost to any structure or part thereof by any cause during the course of the work. 15.0 **SERVICE ROADS** The Contractor/s will be permitted to make use of existing service roads, or service roads constructed by the DFCCIL for its use free of cost. New service roads required by the contractor/s either near the work site or elsewhere within or outside DFCCIL limits for carriage of materials or for any other purpose whatsoever, will have to be constructed and maintained by the contractor/s at his/their own cost. For the purpose of construction of service roads on DFCCIL land, permission will be given free of charge. If any land other than DFCCIL land is necessary to be acquired or to be entered upon, permission to enter in the land will have to be arranged by the contractor/s at his/ their cost. The contractor/s will not prefer any claim, whatsoever on this account. The DFCCIL, however, reserves the right to make use of such service roads as may be constructed by the contractor/s without payment of any charges. 16.0 **EMERGENCY WORKS** In the event of any accident or failure occurring in, on or about the work or arising out of or in connection with the construction, completion or maintenance of the works, which in the opinion of the Engineer requires immediate attention, the DFCCIL may bring its own workmen or other agency to execute or partly execute the necessary work or carry out repairs if the Engineer considers that the contractor/s is/are not in a position to do so in time and charge the cost thereof, which will be determined by the CGM, DFCCIL, to the contractor. MAINTENANCE PERIOD/DEFECT LIABILITY PERIOD:-17.0 (a) The Contractor shall guarantee that all the works executed under this contract shall be free from all defects and faults in material, workmanship and manufacture and shall be of acceptable

standards for the contracted work and in full conformity with the technical specifications, drawings and other contract stipulations, for a period of 12 months from the date of taking over by the Employer.

- (b) During the period of guarantee the Contractor shall keep available an experienced engineer / man power to attend to any defective works / installations resulting from defective erection and/or defect in the installation supplied by the Contractor. This engineer shall not attend to rectification of defects which arise out of normal wear and tear and come within the purview of routine maintenance work. The contractor shall bear the cost of modifications, additions or substitutions that may be considered necessary due to faulty materials or workmanship for the satisfactory working of the equipment. The final decision shall rest with the Engineer his successor(s)/Nominee.
- (c) During the period of Guarantee the Contractor shall be liable for the replacement at site of any parts which may be found defective in the executed work whether such parts / structural elements of his own manufacture or those of his sub-contractor / supplier whether arising from faulty materials, workmanship or negligence in any manner on the part of the Contractor provided always that such defective parts as are not repairable at site are promptly returned to the Contractor if so required by him at his (Contractor's) own expenses. In case of parts of executed work detected during guarantee period, contractor should replace all such items irrespective of the fact whether all such items have failed or not. The Contractor shall bear the cost of repairs carried out on his behalf by the Employer at site. In such a case, the contractor shall be informed in advance of the works proposed to be carried out by the Employer.
- (d) If it becomes necessary for the Contractor to replace or renew any defective portion of the structural elements until the expiration of six month from the date of such replacement or renewal or until the end of the above-mentioned period whichever is later. Such extension shall not apply in case of defects of a minor nature, the decision of the Chief General Manager or his successor/nominee being final in the matter. If any defect be not remedied within a reasonable time during the aforesaid period the Employer may proceed to do work at the Contractor's risk and expense, but without prejudice to any other rights and remedies which the Employer may have against the Contractor in respect of such defects or faults.
- (e) The repaired or renewal parts structure shall be delivered / supplied and erected / executed on site free of charge to the Employer.
- (f) Any materials, fittings, components or equipment / structure supplied under items for supplying / providing and fixing in schedule shall also be covered by the provisions of this paragraph. The liability of the Contractor under the guarantee will be limited to re-supply of components / structure installation and fittings.

18.0 **INSTRUCTIONS/DIRECTIVES OF THE ENGINEER'S REPRESENTATIVE**

18.1

The contractor shall at all times, execute the contract work only in the presence and under the supervision of the Engineer's Representative or a DFCCIL employee specifically appointed on his behalf. No work under the contract shall, therefore, be commenced by the contractor without the express permission of the Engineer's representative.

18.2	The contractor shall always execute the work under this contract in strict compliance with the instructions/directives by the Engineer's representative. Any act of non-compliance with the instruction/directives issued by the Engineer's representative shall be considered as a default of the contractor where after the DFCCIL shall be free to take further appropriate action as provided in the contract for dealing with such defaults of the contractors. The decision of the Engineer-incharge whether there has been an act of noncompliance with the instruction/directives of the Engineer's representative for the purpose of this clause shall be final and conclusive.
18.3	The instructions/directives by the Engineer's representative shall not, however, absolve the contractor of his responsibility or reduce his responsibility in any manner whatsoever in regards to maintaining at all times the safe working conditions at the work site.
18.4	Any instructions or approval given by the Engineer's representative to Contractor in connection with the works shall bind the Contractor as though it had been given by the Engineer provided always as follows: (a) Failure of the Engineer's representative to disapprove any work or materials shall not prejudice the power of the Engineer thereafter to disapprove such work or material and to order the removal or breaking up thereof. (b) If the Contractor shall be dissatisfied by reason of any decision of the Engineer's representative, he shall be entitled to refer the matter to the Engineer who shall there upon confirm or vary such decision.
19.0	NON-COMPLIANCE WITH THE INSTRUCTIONS/DIRECTIVES OF THE ENGINEER'S REPRESENTATIVE
19.1	The contractor shall always comply with the instructions/directives issued by the Engineer's representative from the time to time. In the event of any non-compliance with such instructions/directives, apart from and in addition to other remedies available to the DFCCIL as specified herein above the Engineer's representative may employ at the works DFCCIL's workmen with necessary equipment as considered appropriate and adequate by him to provide the requisite conditions for the safe and unhampered movement of DFCCIL traffic. The decision of the Engineer's representatives in regard to the need of appropriateness and adequacy of the deployment of the DFCCIL Workmen with necessary equipment shall be final and conclusive.
19.2	When the DFCCIL workmen with necessary equipment are deployed in the above manner, recovery at the following rate shall be made from the contractor's dues under this contract or any other money of the contractor available with the DFCCIL under this contract. The recovery for the total DFCCIL Workmen Hours employed at the rate of Rs. 100/- (Rupees Hundred only) per Workmen-Hour irrespective of the type and grade of the DFCCIL Employee actually employed. The aggregate period of the Workman-Hours for the above recoveries shall be reckoned from the time the DFCCIL Workmen are actually deployed at the work site till the work is completed to the satisfaction of the Engineer's Representative whose decision in this regard shall be final and conclusive.
19.3	During the above-mentioned period of suspension of work, the contractor shall not in any manner attempt to carry out any work at the work site. Any such attempt of the contractor shall be deemed to be an unauthorized work on the work site. For such acts, the contractor shall then be liable for further appropriate action under the relevant provisions of the Indian Railway Act.
20.0	<u>WARRANTY:-</u> The Contractor(s) shall warrant the materials supplied under this contract to be free of any defects in material and workmanship under ordinary use and service.

21.0	SHIFTING OF ELECTRICAL/TELEGRAPH WIRES
	In some stretches, high-tension grid towers /electric telegraph/telephones wires or posts etc. are to be shifted. It is expected that the electric lines/towers will be shifted in good time but in case, there is any delay on this account suitable extension in date of completion will be considered and given to the contractor for only the effected portion and no compensation whatsoever in this respect or due to the delay thus caused will be payable and contractor has to adopt such methods
	of execution of earthwork so as not to cause any damage to existing structure lines etc.
22.0	HANDING OVER OF SITE FOR WORK
	The entire land required for this work is available. However, DFCCIL may not hand over the entire land required for completion of this work for making bank/cutting or excavation to the contractor(s) due to any unavoidable reasons. Land may be handed over in different stretches, which may not be continuous. Contractor(s) will be required to carry out the work in available stretches. If some stretch of land cannot be handed over to the contractor for borrowing earth or making bank/cutting
	within the contract period then suitable extension will be granted only for the affected portion without any payment of extra claim to the contractor.
23.0	Working during Night: The Contractor shall have to carry out dewatering round the clock if required. But will not carry out any other work between sun-set and sun-rise without the previous permission of the Engineer. However, if the Engineer is satisfied that the work is not likely to be completed in time except by resorting to night work, he may order the same without confirming any right on the Contractor for claiming any extra payment for the same. 32.A 32.B								
	(a) In case contractor interseeking permission of CGM ensure the following :(As possible)	nds to subco	ontract part e. While sub	mitting the prop	osal to DFCCIL,	contractor shall		

- (i) Total value of work to be assigned to sub-contractor(s) shall not be more than 50% of total contract value.
- (ii) The subcontractor shall have successfully completed at least one work similar to work proposed for subcontract, costing not less than 35% value of work to be sub-letted, in last 5 years through a works contract directly given to him by a Govt. Department; or by a Public listed company having average annual turnover of Rs. 500 crore and above in last 3 financial years excluding the current financial year, listed on National Stock Exchange or Bombay Stock Exchange, registered at least 5 years back from the date of submission of proposal by contractor to DFCCIL and work experience certificate issued by a person authorized by the Public Listed Company to issue such certificates.

Note: For subletting of work costing up to Rs 50 lakh no previous work experience shall be asked for by the DFCCIL.

In case contractor submits subcontractor's work experience certificate issued by public listed company, the contractor shall also submit along with work experience certificate, the relevant copy of work order, bill of quantities, bill wise details of payment received duly certified by Chartered Accountant, TDS certificates for all payments received and copy of final/last bill paid by company in support of above work experience certificate. The details shall be furnished as per the annexure IV A, IV-B, IV-C as applicable to the Engineer in charge.

- (iii)There is no banning of business with the sub-contractor in force over IR/DFCCIL.
- (b) The Contractor shall provide to the Engineer a copy of the agreement to be entered into by Contractor with subcontractor. No subcontractor shall be permitted without a formal agreement between Contractor and subcontractor. This agreement shall clearly define the scope of work to be carried out by subcontractor and the terms of payment in clear & unambiguous manner.
- (c)On receipt of approval from CGM, Contractor shall enter into a formal agreement legally enforceable in Court of Law with subcontractor and submit a copy of the same to the Engineer.
- (d)The Contractor shall intimate to the Engineer not less than 7 days in advance, the intended date of commencement of subcontractor's work.
- (e)Once having entered into above arrangement, Contractor shall discontinue such arrangement, if he intends to do so at his own or on the instructions of DFCCIL, with prior intimation to CGM.
- (f) The Contractor shall indemnify DFCCIL against any claim of subcontractor.
- (g) The Contractor shall endeavor to resolve all matters and payments amicably and speedily with the subcontractor.
- (h) In addition to issuance of work experience certificate to Contractor, the Engineer, when, based on documents, is satisfied that subcontracted work has been carried out by subcontractor, shall issue work experience certificate to the subcontractor also for the portion of work subcontracted and successfully completed by the sub-contractor.

Note: Work Experience Certificate to the subcontractor shall be issued only when the contractor's work is complete and contractor is entailed for the issuance of Work Experience Certificate. However, in the same contract, when the Chief Engineer, based on documents, is satisfied that the subcontractor has successfully carried out subletted work, without issuance of work experience certificate to subcontractor at this stage, the Chief Engineer can, only once, consider the successfully completed subletted work for the fulfilment of eligibility for further subletting of work to the subcontractor in the same contract. When the contractor's work is complete and contractor is entitled for the issuance of work experience certificate, the subcontractor shall be issued one

	Work Experience Certificate for the total scope of work executed by the subcontractor in the contract.
	(i)The responsibility of successful completion of work by subcontractor shall lie with Contractor. Subcontracting will in no way relieve the Contractor to execute the work as per terms of the Contract.
	(j)Further, in case Engineer is of the view that subcontractor's performance is not satisfactory, he may instruct the Contractor to remove the subcontractor from the work and Contractor has to comply with the above instructions with due promptness. Contractor shall intimate the actual date of discontinuation of subcontract to Engineer. No claim of Contractor whatsoever on this account shall be entertained by the DFCCIL and this shall be deemed as 'excepted matter' (matter not arbitrable).
	(k)The permitted subcontracting of work by the Contractor shall not establish any contractual relationship between the sub-contractor and the DFCCIL and shall not relieve the Contractor of any responsibility under the Contract.
33	Display Board: The Contractor shall be responsible for displaying the details of works i.e. name of
	work, approximate cost, expected date of completion, name and address of the Contractor and
	address of Engineer on a proper steel Board of size not less than 1m x 1m. As per Clause No. 34.(5)

34.0	VARIATIONS & MODIFICATION IN EXTENT OF CONTRACT
	Modification to Contract to be in Writing: In the event of any of the provisions of the contract
34.1	required to be modified after the contract documents have been signed, the modifications shall be
	made in writing and signed by the Railway and the Contractor and no work shall proceed under such
	modifications until this has been done. Any verbal or written arrangement abandoning, modifying,
	extending, reducing or supplementing the contract or any of the terms thereof shall be deemed
	conditional and shall not be binding on the Railway unless and until the same is incorporated in a
	formal instrument and signed by the Railway and the Contractor, and till then the Railway shall have
	the right to repudiate such arrangements. As per Clause No. 41 Part-II of GGC-2022 with up to date
	correction slip
34.2.1	Powers of Modification to Contract: The Engineer on behalf of the Railway shall be entitled by order in writing to enlarge or extend, diminish or reduce the works or make any alterations in their design,
	character position, site, quantities, dimensions or in the method of their execution or in the
	combination and use of materials for the execution thereof or to order any additional work to be
	done or any works not to be done and the Contractor will not be entitled, to any compensation for
	any increase/reduction in the quantities of work but will be paid only for the actual amount of work
	done and for approved materials supplied against a specific order.
	As per Clause No. 42(1) Part-II of GGC-2022 with up to date correction slip
34.2.2	(i) Unless otherwise specified in the special conditions of the contract, the accepted variation in
	quantity of each individual item of the contract would be upto 25% of the quantity originally
	contracted, except in case of foundation work.
	(ii) The Contractor shall be bound to carry out the work at the agreed rates and shall not be entitled
	to any claim or any compensation whatsoever upto the limit of 25% variation in quantity of individual
	item of works.

34.3

- (iii) In case an increase in quantity of an individual item by more than 25% of the agreement quantity is considered unavoidable, then same shall be executed at following rates
- (a) Quantities operated in excess of 125% but upto 140% of the agreement quantity of the concerned item, shall be paid at 98% of the rate awarded for that item in that particular tender;
- (b) Quantities operated in excess of 140% but upto 150% of the agreement quantity of the concerned item shall be paid at 96% of the rate awarded for that item in that particular tender;
- (c) Variation in quantities of individual items beyond 150% will be avoided and would be permitted only in exceptional unavoidable circumstances and shall be paid at 96% of the rate awarded for that item in that particular tender.
- (d) Variation to quantities of Minor Value Item:

The limit for varying quantities for minor value items shall be 100% (as against 25% prescribed for other items). A minor value item for this purpose is defined as an item whose original agreement value is less than 1 % of the total original agreement value.

d.(i) Quantities operated upto and including 100% of the agreement quantity of the concerned minor value item, shall be paid at the

rate awarded for that item in that particular tender;

- d.(ii) Quantities operated in excess of 100% but upto 200% of the agreement quantity of the concerned minor value item, shall be paid at 98% of the rate awarded for that item in that particular tender;
- d.(iii) Variation in quantities of individual minor value item beyond 200% will be avoided and would be permitted only in exceptional unavoidable circumstances and shall be paid at 96% of the rate awarded for that item in that particular tender.
- (iv) In case of earthwork, the variation limit of 25% shall apply to the gross quantity of earthwork and variation in the quantities of individual classifications of soil shall not be subject to this limit.

As far as Standard Schedule of Rates (SSOR) items are concerned, the variation limit of 25% would apply to the value of SSOR schedule(s) as a whole and not on individual SSOR items. However, in case of Non Standard Schedule of Rates (SSOR) items, the limit of 25% would apply on the individual items irrespective of the manner of quoting the rate (single percentage rate or individual item rate).

As per Clause No. 42(2) Part-II of GGC-2022 with up to date correction slip

Valuation of Variations: The enlargements, extensions, diminution, reduction, alterations or additions referred to in Sub-Clause (2) of this Clause shall in no degree affect the validity of the contract; but shall be performed by the Contractor as provided therein and be subject to the same conditions, stipulations and obligations as if they had been originally and expressively included and provided for in the Specifications and Drawings and the amounts to be paid therefor shall be calculated in accordance with the accepted Schedule of Rates. Any extra items/quantities of work falling outside the purview of the provisions of Sub-Clause (2) above shall be paid for at the rates determined under Clause-39 of these Conditions.

rate with the existing contractor for arriving at a reasonable rate for the additional quantities of

35.2 The above shall be regulated as under:

- (a) The case shall be decided by the tender accepting authority (competent for the revised quantity) and shall not be treated as a case of single tender. The provisions of Railway Board letter No. 2007/CE.I/CT/18/Pt. XII dated 31.12.2010 hereby gets superseded.
- (b) These instructions will be similarly applicable to earning contracts with H-1, H-2 Substituted for L-1, L-2 and so on.
- (c) Executives while executing the work shall make all efforts to ensure that no Vitiation takes place in normal circumstances. Vitiation should be exceptions rather than a routine affair. Efforts should be made to invite bids on the basis of percentage above/below/at Par.
- (d) Vitiation should always be computed with respect to the items, rates, quantities and conditions as available at the time of Tender Opening and subsequent changes/ additions by way of new items will not be counted for computing Vitiation.

36.0 **EXTENSION OF TIME WITH LIQUIDATED DAMAGE (LD): FOR DELAY DUE TO CONTRACTOR**

The time for the execution of the work or part of the works specified in the contract documents shall be deemed to be the essence of the contract and the works must be completed not later than the date(s) as specified in the contract. If the Contractor fails to complete the works within the time as specified in the contract for the reasons other than the reasons specified in Clause 17 and 17-B, of Part-II of GCC APRIL-2022, with up to date correction slip the DFCCIL may, if satisfied that the works can be completed by the Contractor within reasonable short time thereafter, allow the Contractor for further extension of time as the Engineer may decide. On such extension the DFCCIL will be entitled without prejudice to any other right and remedy available on that behalf, to recover from the Contractor as agreed damages and not by way of penalty for each week or part of the week, a sum calculated at the rate of Liquidated Damages as decided by Engineer, between 0.05% to 0.30% of contract value of the works for each week or part of the week.

For the purpose of this Clause, the contract value of the works shall be taken as value of work as per contract agreement including any supplementary work order/contract agreement issued. Provided also, that the total amount of liquidated damages under this condition shall not exceed 5% of the contract value or of the total value of the item or groups of items of work for which a separate distinct completion period is specified in the contract.

Provided further, that if the DFCCIL is not satisfied that the works can be completed by the Contractor and in the event of failure on the part of the contractor to complete the work within further extension of time allowed as aforesaid, the DFCCIL shall be entitled without prejudice to any other right or remedy available in that behalf, to appropriate the contractor's Security Deposit and rescind the contract under Clause 62 of these Conditions, whether or not actual damage is caused by such default.

NOTE:

In a contract, where extension(s) of time have been allowed once under clause 17B, further request(s) for extension of time under clause 17A can also be considered under exceptional circumstances. Such extension(s) of time under clause 17A shall be without any Liquidated damages, but the Liquidated damages already recovered during extension(s) of time granted previously under clause 17B shall not be waived. However, Price variation during such extension(s) shall be dealt as applicable for extension(s) of time under clause 17B.

B. Post Payment Audit: It is an agreed term of contract that the DFCCIL reserves to itself the right to carry out a post-payment audit and/ or technical examination of the works and the Final Bill including all supporting vouchers, abstracts etc. and to make a claim on the Contractor for the refund of any excess amount paid to him till the release of security deposit or settlement of claims, whichever is later, if as a result of such examination any over-payment to him is discovered to have been made in respect of any works done or alleged to have been done by him under the contract.

44.0 Infringement of patents:

The Contractor is forbidden to use any patents or registered drawings, process or pattern in fulfilling his contract without the previous consent in writing of the owner of such patent, drawing, pattern or trade mark, except where these are specified by the Employer himself. Royalties where payable for the use of such patented processes, registered drawings of patterns shall be borne exclusively by the Contractor. The contractor shall advise the Employer of any proprietary right that may exist on such processed drawings or patterns which he may use of his own accord.

In the case of patent taken out by the Contractor of the drawings or patterns registered by him, or of those patents, drawings, or patents for which he holds a license, the signing of the Contract automatically gives the Employer the right to repair by himself the purchased articles covered by the patent or by any person or body chosen by him and to obtain from any sources he desires the component parts required by him in carrying out the repair work. In the event of infringement of any patent rights due to above action of the Employer, he shall be entitled to claim damages from the contractor on the grounds of any loss of any nature which he may suffer e.g. in the case of attachment because of counter feiting.

Indemnification by contractor:- In the event of any claim or demand being made or action being brought against the Employer for infringement of later patent in respect of any equipment, machine, plant, work or thing used or supplied by the Contractor under this contract or in respect of any methods of using or working by the Employer of such equipment machine, plant work or thing, the contractor shall indemnify the employer and keep him indemnified and harmless against all claims, costs, charges and expenses arising from or incurred by reason of such claim provided that the Employer shall notify the contractor immediately any claim is made and that the contractor shall be at liberty, if he so desires with the assistance of the Employer if required but at the Contractor's expense, to conduct all negotiations for the settlement of the same or any litigation that may arise there from and provided that no such equipment, machine, plant work or thing, shall be used by the Employer for any purpose or in any manner other than that for which they have been supplied by the Contractor and specified under this contract.

45.0 Insurance (CAR Policy)-

Before commencing of works, it shall be obligatory for the contractor to obtain, at his own cost, insurance cover (CAR policy) in the joint name of the contractor and employer from reputed companies under the following requirements:

- (A) Liability for death of or injury to any person/ employer's staff / animals or things or loss of or damage to any property / things / the work of other contractor (other than the work) arising out of the performance of the Contract.
- (B) Construction Plant, Machinery and equipment brought to site by the Contractor.
- (C) Any other insurance cover as may be required by the law of the land.

The contractor shall provide evidence to the employer / Engineer before commencement of work at site that the insurances required under the contract have been effected and shall within 60 days of the commencement date, provide the insurance policies to the Employer/Engineer, the contractor shall, whenever, called upon, produce to the engineer or his representative the evidence of payment of premiums paid by him to ensure that the policies indeed continue to be in force.

The Contractor shall also obtain any additional insurance cover as per the requirements of the Contract.

The Employer/Engineer shall not be liable for or in respect of any damages or compensation payable to any workman or other person in the employment of the Contractor or his subcontractor or petty contractor / other contractor working there.

The Contractor shall indemnify and keep indemnified the employer / Engineer against all such damages and compensation for which the contractor is liable.

The Policies of the contractor shall remain in force throughout the period of execution of the works and till the expiry of the defect liability period except for any specific insurance covers necessary for shorter period.

If the Contractor fails to effect or keep in force or provide adequate cover as acceptable to the engineer in the insurance policies mentioned above, then in such cases, the engineer may effect and keep in force any such insurance or further insurance on behalf of the Contactor. The recovery shall be made at the rate of 1.5 times the premium/premiums paid by the engineer in this regard from the payment due to the Contractor or from the contractor's Performance security. However, the Contractor shall not be absolved from his responsibility and /or liability in this regard.

46.0 Accident:-

- (a) The contractor shall, in respect of all staff engaged by him or by his sub-contractor, indemnify and keep the employer at all times indemnified and protected against all claims made and liabilities incurred under Workman's Compensation Act, the Factories Act and the Payment of Wages Act, and rules made there under from time to time or under any other labour and Industrial Legislation made from time to time.
- (b) The contractor shall indemnify and keep the employer indemnified and harmless against all actions, suits, claim demands, costs, charges or expenses arising in connection with any death or injury sustained by any person or persons sustained due to the acts or omission of the contractor, his sub-contractors, his agents or his staff during the executions of this contract irrespective of whether such liability arises under the Workman's Compensation Act, or Fatal Accident Act or any other statute in force for the time being.

	(c) The contractor' liability to meet third party claims of the type outlined above will be applicable only in cases where accidents have been caused by workmanship, material, execution or negligence on the part of the contractor.
	(d) The contractor shall be responsible for all repairs and rectification of damages to completed works or works under execution due to DFCCIL accidents, thefts, pilferage or any other cause, without delay to minimize or to avoid traffic detentions, in a section until the installation are provisionally handed over to the employer.

52.0	FOREIGN EXCHANGE REQUIREMENTS:
52.0	Any demand of foreign exchange for importing of equipment's and materials shall not be accepted.
	ANTI PROFITEERING CLAUSE: -
	The contractor should adhere to anti profiteering provisions as per section 171 of the CGST Act.
53.0	Where due to change in the rates GST/Change in law, the contractor gets any credits/benefits, the
	same shall be passed on to DFCCIL by way of reduction in prices.
54.0	INTEGRITY PACT:-
	As per office memorandum no F.No DPE/13(12)/11-Fin Dated 09.09.2011 issued by Ministry of
	Heavy Industries (DPE) all PSU should enter into Integrity pact in the required proforma in their
	procurement transaction/ Contracts with suitable changes specific to the situation in which the
	pact is to be used. The pact, entering into which would be a preliminary qualification for any bidder,
	essentially envisages an agreement between the prospective vendors / bidders and the DFCCIL,
	committing the persons/ officials on both sides not to resort to any corrupt practices in any aspect
	/ stage of the contract. A copy of pre contract integrity pact is enclosed as form no 4 for signature
	of bidder as acceptance, as and when Independent External monitor is appointed.
55.0	TOOLS-
	Tools required for this work will be arranged by the contractor.
	a. All the tools and plants as required to execute the work will be arranged by contractor at his
	cost and nothing extra shall be paid on this account.
	b. The contractor will ensure reconditioning / repair of the tools and plants at his own cost to keep
	them fit for use. He will repair the worn out tools at his own cost and nothing extra will be paid
	on this account.
	c. The contractor should ensure that labour on work removes their tools clear of the track on the
	approach of the train. After the day's work the contractor should secure tools in proper tool
	boxes and in no case the labour be permitted to take tools to their homes. Tools should not be
	allowed to fall in unwanted hands who can tamper with the Railway/DFCCIL track.
	In the event of accident at the work site the departmental enquiry will be held and in case it is
	established that derailment/accident has occurred on account of the contractor's negligence
	or the negligence of his men, damages as mentioned in the clause of penalty will be recovered.
56.0	PENALTY –
	(a) In the event of accident at the work site the departmental enquiry will be held and in case it
	is established that derailment/accident has occurred on account of the contractor's
	negligence or the negligence of his men, damages at the following rates will be recovered
	from contractor: -
	Accident involving use of accident Relief train = Rs.50000/-
	Nominal accident not involving use of accident relief train Rs. 10000/-
	(b) Penalty for an amount of Rs. 500/- to Rs.2000/- depending on the nature of unsatisfactory
<u> </u>	service, will be deducted from the due amount in the following conditions:

		Any undisciplined behavior l		
	Discourteous behavior towards any officer or staff of DFCCIL.

		•	e schedule, However, timings may be advised without any	
	overa	II impact on the period of duty as	per DFCCIL requirement.	
58.0	DFCC	IL not to Provide Quarters for Co	ontractors: No quarters shall normally be provided by the	
	Railw	ay for the accommodation of the	e Contractor or any of his staff employed on the work. In	
	excep	tional cases where accommodati	on is provided to the Contractor at the Railway's discretion,	
	recov	eries shall be made at such rates a	s may be fixed by the Railway for the full rent of the buildings	
	and e	quipments therein as well as char	ges for electric current, water supply and conservancy.	
	In cas	se the services of the Contractor a	are not found satisfactory, or there is a breach of any of the	
59.0	term	s & conditions of the contract and	/or fails/neglects to carry out any instruction issued to it by	
	DFCC	IL from time to time the same can	be terminated by DFCCIL on giving of a notice of one month.	
	In ca	se of unsatisfactory performance	e of the contract, a warning letter will be issued to the	
	Conti	ractor. In case corrective action i	s not taken, DFCCIL shall have the right to terminate the	
	agree	ement without any further notic	e. Unsatisfactory service in this case would be frequent	
	abser	nce or poor attendance of workm	nan, inability to provide replacement, lackadaisical work in	
			n the premises (which includes taking alcohol, using foul	
	langu	lage, getting involved in objectio	nable activities, etc.) or any other non-compliance of the	
	· ·	sions of the Agreement.		
			services of hired staff unilaterally. In case any hired staff is	
		·	by the Contractor, such action should be taken only with	
	appro	oval of DFCCIL.		
60.0	SITE C	OFFICE:-		
	The C	contractor shall establish the camp	o office at site and keep on the works at all times efficient	
	and c	ompetent staff to give the necessa	ary directions to his workmen and to see that they execute	
	their	work in sound proper manner and	d shall employ only such supervisors, workmen & laborers

		·	ped for office working with provision of sufficient T&Ps,	
	-		g advance version of PCs, printer, Fax, mail, phone etc and	
	also w	vith facilities like sitting, drinking w	vater etc. The area of the office and facilities required must	

be sufficient enough to ensure effective office working at site office itself without any difficulties and issues. Suitable site on railway land, if conveniently available, may be allowed to the contractor for setting up the site office, site laboratory, either free of charge or on such terms and conditions that may be prescribed by DFCCIL.

SPECIAL CONDITIONS OF CONTRACT (SAFETY PRECAUTIONS)

PART-V <u>SPECIAL CONDITIONS OF CONTRACT</u> (SAFETY PRECAUTIONS)

1.0	MEASURES TO BE ENSURED PRIOR TO START OF WORK
1.1	The contractor shall not start any work without the presence of DFCCIL supervisors at site.
1.2	The methodology in detail for execution of the work at site shall be approved by engineering in
	charge of the organization executing the work and copies of the same shall be available with
	contractor's supervisor, DFCCIL supervisor of the section in whose jurisdiction the work falls.
1.3	Before permitting the execution of certain works like earthwork in formation, bridge work, supply of
	ballast, transportation of rails, sleepers and other material, track linking, platform/any other civil
	work close to the running track etc. for new/existing rail lines, gauge conversion, doubling, traffic
	facility work, ROB/RUB, DFCCIL engineer-in-charge (APM/DPM/PM/Dy. CPM) of the section shall
	ensure that he received the prior intimation/confirmation of the following aspects from
	representative of contractor.
1.4	Name and address of the contract assigned to execute the work.
(i)	Name of the Contractor's supervisor
(ii)	Name of the supervisor/assistant engineer/assistant officer of the construction organization/other
	organizations who are going to be site in charge/in charge of work site.
(iii)	List of the number(s) of individual vehicle(s)/ machineries, names and license particulars of the driver(s)
	proposed to be used by contractor.
(iv)	Information regarding location, duration and timings during which the vehicles/machinery are planned
	to be plied/worked.
(v)	The supervisors and operators of the contractor proposed to be deployed at work site which is close to
	the running track, shall be imparted training by the DFCCIL trainer at contractor own cost about the safety
	measures to be adopted while working in the vicinity of running track. Further competency certificate
	to the individual supervisors/operator shall be issued as in Annexure-A by a DFCCIL officer not below the
	rank of Assistant level officer who is in charge of site. No supervisor/operator of the contractor shall work
	or allowed to work in the vicinity of running track who is not possession of valid competent certificate.
(vi)	Survey of site by supervisor of contractor and DFCCIL to assess the precautions to be taken at site for
	working of trains and materials required for protection.
(vii)	Written advice to sectional APM/DPM about the detailed planning of work including protection of track
	and safety measures proposed to be adopted.
(viii)	A copy of the approved methodology (to be approved by engineer in charge) proposed to be adapted by
	the contractor with a view to ensure safety of trains passengers and workers.
(ix)	Assurance that the methods and arrangements are actually available at site before start of the work and
	the contractors supervisors and the workers have clearly understood the safety aspects and requirement
	to be adapted/followed while executing the work.
(x)	An assurance register has been kept at site duly signed by both DFCCIL supervisor as well as by the
	contractor supervisor as a token of their having understood the safety precautions to be observed at site.
(xi)	No work shall which is to be done near running track shall commence unless permitted by sectional
	APM/DPM/PM/Dy.CPM

(xii)	Supplementary site specific instructions, wherever considered necessary shall be issued by the Engineer
	in Charge
(xiii)	Standard Check list on Safety at Work Sites shall be used to ensure that all the requisite measures have
	been taken before start of work.
2.0	PLYING OF ROAD VEHICLES AND WORKING OF MACHINERIES CLOSE TO RUNNING TRACKS
(i)	Normally, the road vehicles shall be run or machinery shall be worked so as not to come closer than 6.0 m
	from center line of nearest running track.
(ii)	The land strip adjacent to running tracks, where road vehicle is to ply or machinery is to work, shall be
	demarcated by lime in advance in consultation with the DFCCIL's Supervisor. Wooden pegs at interval
	not exceeding 75mts shall be provided along the line marking as permanent marks. The road vehicles
	shall ply or machinery shall work so as not to infringe the line of demarcation.
(iii)	If a road vehicle or machinery is to work closer to 6.0m due to site conditions or requirement of work,
	following precautions shall be observed.
a.	In no case the road vehicle shall run or machinery shall work at distance less than 3.5m from center line
	of track.
b.	Demarcation of land shall be done by bright colored ribbon/nylon cord suspended on 120 cm high
	wooden/bamboo posts at distance of 3.5 m from center line of nearest running track.
C.	Presence of an authorized DFCCIL's representative shall be ensured before plying of vehicle or working
	of machinery.
d.	DFCCIL's Supervisor shall issue suitable caution order to Drivers of approaching train about road vehicles
	plying or machineries working close to running tracks. The train drivers shall be advised to whistle freely
	to warn about the approaching train. Whistle boards shall be provided wherever considered necessary.
e.	Lookout men shall be posted along the track at a distance of 800m from such locations who will carry
	red flag and whistles to warn the road vehicle/machinery users about the approaching trains. Lookout
	man shall be deputed for Safety at Work Sites.
f.	On curves where visibility is poor, additional lookout men shall be posted.
(iv)	If vehicle/machinery is to be worked closer to 3.5m from running track.
` '	Under unavoidable conditions, if road vehicles is to ply or machinery is to work closer to 3.5m due to
	site conditions or requirement of work, following precautions shall be observed:
a.	Plying of vehicles or working of machinery closer to 3.5m of running track shall be done only under
	protection of track. Traffic block shall be imposed wherever considered necessary. The site shall be
	protected as per provisions of Para No. 806 & 807 of P-Way Manual as case may be.
b.	Presence of a DFCCIL's Supervisor shall be ensured at worksite.
C.	DFCCIL's Supervisor shall issue suitable caution order to Drivers of approaching train about road vehicles
	plying or machineries working close to running tracks. The train drivers shall be advised to whistle freely
	to warn about the approaching train.
(v)	Precaution to be taken while reversing road vehicle alongside the track.
(*)	The location where vehicle will take a turn shall be demarcated duly approved by DFCCIL's
	representative. The road vehicle driver shall always face the DFCCIL track during the course of
	turning/reversing his vehicle. Presence of an authorized DFCCIL representative shall be ensured at such
	location.
(vi)	Road vehicle shall not be allowed to run along the track during night hours generally. In unavoidable
(*1)	situations, however, vehicles shall be allowed to work during night hours only in the presence of an
	steadions, nowever, vernices shall be allowed to work during hight hours only in the presence of all

	authorized DFCCIL's representative and where adequate lighting arrangements are made and where
	adequate precautions as mentioned earlier have been ensured.
(vii)	Road vehicles/machinery/plant etc. when stabled near running tracks shall be properly secured against
	any possible roll off and always be manned even during off hours.
3.0	EXECUTION OF WORKS CLOSE TO OR ON RUNNING LINES
	Any work close to or on running tracks shall be executed under the presence of a DFCCIL's Supervisor
	only.
(i)	Precaution to be taken to ensure safety of trains while execution of work close to the running line or
	on running lines.
(a)	Contractor has deputed trained supervisors in required number at worksites duly certified by
	APM/DPM/PM/Dy. CPM in charge of the works.
(b)	Drivers of vehicle/operators of the machines have been briefed about the safety and precautions to be
	taken while moving / working close to traffic.
(c)	Contractor shall ply road vehicles/working of machinery only between sunset and sunrise. In case of
` ,	emergency where it is necessary to work during night hours sufficient lighting shall be ensured in the
	complete work area for the safety of public and passengers. Also additional staff shall be posted as
	necessary for night working and taking safety precautions.
(d)	The contractor shall not change the approved vehicle/machinery and driver/operator for working at site.
(u)	Contractor shall not induct any new vehicle/machinery and driver/operator without prior written
	approval of APM/DPM and the list of such changes with numbers of individual vehicle, name and license
	particulars of the driver shall be given to APM/DPM/PM/Dy. CPM of the section.
(a)	Contractor shall ensure that road vehicle/machinery ply/work in a way so that these do not infringe the
(e)	line of demonstration.
(f)	
(f)	Lookout men with required safety equipment shall be posted where necessary.
(g)	In unusual circumstances, where operator apprehends danger to track while working truck/machinery
	near running track, following action shall be taken.
a)	The contractor/supervisor/vehicle operator immediately advice the situation to DFCCIL official/officials
	of the organization executing the work and assist him/them in protecting the track.
b)	Protection shall be done as done for other emergencies
(h)	Individual vehicle/machinery shall not be left unattended at site of work. If it is unavoidable and becomes
	necessary to stable the road vehicle/machinery at site near the running track, these shall be properly
	secured against any possible roll off and always be manned even during non-working hours. In addition
	the road vehicle / machinery should be stabled parallel to track only so that incase of failure of any
	securing arrangement, it may not roll towards the track.
(i)	All temporary arrangements required to be made during execution of work shall be made in such a
	manner that moving dimensions do not infringe. Necessary checks shall be exercised by site in charge
	from time to time.
(j)	During the hours of night, lamps of temporary indicators which are not of reflective type should be lit at
-	
	sun-set and kept burning till sun rise, where trains run at night.
(ii)	sun-set and kept burning till sun rise, where trains run at night. Precaution to be taken to ensure safety of electrical/signal/ telephone cables while excavating near

(a)	Particular care shall be taken to mark the locations of buried electrical/signal/telephone cables on the
(a)	plans jointly with S & T/Electric supervisor and also at site so that these are not damaged during
	excavation
4.)	
(b)	Copy of the cable plan should be given to the contractor's authorized representative before handing over
	the site to start the work.
(c)	Due care shall be taken to ensure that any part of the equipment or machinery or temporary
	arrangement does not come close to cables while working.
(iii)	Precaution to be taken during execution of works requiring traffic blocks.
a)	Any work, which infringes the moving dimensions or causes discontinuity in the track any activity making
	the existing track unsafe for passage of trains etc. Shall be started only after the traffic block has been
	imposed, DFCCIL servant in charge of the work is present at the worksite, engineering signals are
	exhibited at specified distance and flagmen are posted with necessary equipment to man them etc
b)	Before closing the work, the track shall be left with the proper track geometry so that the trains run safely
	and flagmen are kept in the night with safety and track protection equipment to patrol the stretch and
	take action to protect the track, if so warranted and inform the DFCCIL supervisors.
c)	After completion of work the released sleeper and fittings should be properly stacked away from the
	track to be kept clear of moving dimensions.
d)	Block shall be removed only when all the temporary arrangement, machineries, tools, plants etc. have
٠,	been kept clear of moving dimensions.
(iv)	Precaution to be taken during execution of works during night. The work close to running line, generally,
(17)	shall be carried out only during day hours. At locations, however, where night working is unavoidable,
	proper lighting arrangement should be made. The engineering indicator boards shall be lighted during
	night hours as per the provisions of IRPWM. The staff deputed for night working should have taken
	adequate rest before deploying them in night shift. We can specify duration of night shift from 20.00 hrs
	to 04.00 hrs. All other safety precautions applicable for day time work should be strictly observed during
	night working.
(v)	Precautions to be taken to ensure safety of workers while working close to running lines.
a)	Any work close to or on running tracks shall be executed under the presence of a DFCCIL's supervisor
-	only.
b)	Precaution to be taken to ensure safety of trains while execution of work close to the running line or on
	running lines.
	(i) Such works shall be planned and necessary drawings particularly with regard to infringement
	to moving dimensions shall be finalized duly approved by competent authority before
	execution of work. The work shall be executed only as per approved procedure and drawings.
	(ii) All temporary arrangements required to be made during execution of work shall be made in
	such a manner that moving dimension do not infringe.
	(iii) Suitable speed restriction shall be imposed or Traffic block shall be ensured as required.
	(iv) The site shall be protected as per provisions of Para No. 806 & 807 of P.Way Manual as case
	may be.
	(v) Necessary equipment for safety of trains during emergency shall be kept ready at site.
c)	A 'first aid kit' shall always be kept ready at site.

(vi)	Precaution shall be taken for safety of public or passengers, while executing works at locations, used
(**)	by passengers and public,. The worksite shall be suitably demarcated to keep public and passengers away
	from work area. Necessary signage boards such as "Work in progress. Inconvenience is regretted" etc.
	shall be provided at appropriate locations to warn the public/ passengers. Adequate lighting
	arrangement of worksite wherever required shall be done to ensure safety of public/passengers during
	night.
(vii)	Precaution to be taken before stacking materials alongside the track to ensure that safety of trains is
()	not affected. The following precautions shall be taken before stacking the materials along the track for
	stacking of ballast, rails, sleepers etc.
a)	The sites for material stacking should be selected in advance in such a manner as to ensure that no part
	of the material to be stacked is infringing the Standard Moving Dimensions. A plan of proposed stacking
	locations be made and signed jointly by an authorized DFCCIL's representative and contractor's
	representative.
b)	The selected locations shall be marked by lime in advance.
c)	Presence of an authorized DFCCIL's representative while unloading and stacking shall be ensured.
d)	The material shall be stacked in such a height so as to not to infringe SOD in case of accidental roll off.
(viii)	Precaution for handling of departmental material trains Instructions for working of material trains are
	contained in Chapter XII of IRPWM which should be brought to the notice of the supervisors and other
	staff working on the material trains. In addition to this, following precautions should be taken:
(a)	Issue of 'fit to run' certificate. As per Para 1207 before a material train is allowed to work, the complete
	rake should be examined by the Carriage and Wagon staff and a 'fit to run' certificate issued to the
	Guard.
(b)	As per Para 1208 of IRPWM, a qualified Engineering official should be deputed on thetrain to ensure
	working of the material train as the Guard is not qualified to carry out such duties like Supervising of
	loading and unloading of materials.
(c)	As per Para 1204 of IRPWM, the material train should not be permitted to work during the period of poor
	visibility due to fog, storm or any other cause except with the permission of the APM/DPM/PM/Dy. CPM.
	Working of the material trains carrying labour should not be permitted between sunset and sunrise
	except in an emergency.
(d)	While unloading rail panels by the side of the running track, placement of the panels, clear of the
	maximum moving dimensions should be ensured.
(e)	Unloading of rail panels should be done by a team of trained staff under the active supervision of
/0	competent Supervisor/Officer.
(f)	Before unloading of rail panels, site should be prepared by way of leveling/removing extra ballast, if any,
	from the crib and shoulder with the objective to ensure requisite lateral and vertical clearances so as to
	prevent slippage of rail panels due to vibration during the passage of trains.
(g)	Reasonably adequate block should be asked and provided for unloading of the material and the work
	should be done preferably in day light to avoid shortcut in haste which may infringe the safety
/:- \	requirements.
(ix)	SAFETY ASPECTS TO BE OBSERVED WHILE WORKING IN OHE AREA
(a)	No electrical work close to running track shall be carried out without permission of DFCCIL
	representative.

(b)	A minimum distance of 2m has to be maintained between live OHE wire andbody part of worker or tools
	or metallic supports etc.
(c)	No electric connection etc. can be tapped from OHE.
(d)	Authorized OHE staff should invariably be present when the relaying work or any major work is carried
	out.
(e)	Power block is correctly taken and 'permit to work' is issued.
(f)	The structure bonds, track bonds, cross bonds, longitudinal rail bonds are not disturbed and
(g)	If disconnected for the work, they are reconnected properly when the work is completed.
(h)	The track level is not raised beyond the permissible limit during the work.
4.0	PROTECTION OF TRACK DURING EMERGENCY
(i)	Action to be taken when a contractor's supervisor or vehicle operator apprehends any unusual
	circumstances likely to infringe the track and endanger safe running of trains. At any time if a
	contractor's supervisor or vehicle operator observes any unusual circumstances likely to infringe the
	track and apprehend danger to safe running of track, he shall take immediate steps to advise a DFCCIL
	official of such danger and assist him in protection of track.
	The track shall be protected as under. One person shall immediately plant a red flag (red lamp during
	night) at the spot and proceed with all haste in the direction of approaching train with a red flag in hand
	(red lamp during night) and plant a detonator on rail at a distance of 600m from the place of obstruction
	of BG track after which he shall further proceed for not less than 1200m from the place of obstruction
	from BG track and plant three detonators at 10m apart on rails. After this he shall display the red flag
	(red lamp during night) at a distance of 45m from the detonators.
	Attempts shall also be made to send an advice to nearest DFCCIL station about the incident immediately.
(ii)	Action to be taken if train is seen approaching to site of danger and there is no time to protect the
	track as per guidelines mentioned above.
	In such a case the detonators shall be planted on rails immediately at distance away from place of danger
	as far as possible and attention of driver of approaching train shall be invited by whistling, waving the
(***)	red flag vigorously, gesticulating and shouting.
(iii)	Action to be taken if more than one track is obstructed.
a)	In case of single line protection as above shall be done in both the directions from place of danger.
b)	In case of double line or multiple lines, if other tracks are also obstructed, the protection as above shall
	be done for other track also.
	The protection shall be done in that direction and on that track first on which train is likely to arrive first.
c)	The Contractor's Supervisors, Operators and lookout men shall be properly explained about the direction
	of trains on running tracks.
(iv)	Equipment required for protection of track.
	Minimum compliment of protection equipment i.e. 10 detonators, 4 red hand flags, 4 red hand lamps, 4
	banner flags and whistles etc. shall always be kept ready at worksites for use in case of emergency.
	DFCCIL will arrange to provide detonators, whereas Contractor shall arrange other equipment at his own
	cost.
(v)	Arrangement of lookout men and competency required for lookout man to warn labour about
	approaching train.
a)	Contractor will provide lookout men
	,

b)	The lookout men shall be properly trained in warning to staff at worksite about approaching train.							
c)	Only those lookout men shall be provided at site who have been issued with a competency certificate by							
	the DFCCIL's Supervisor.							
d)	In case, it is felt necessary to provide lookout men by DFCCIL, the charges for the same as fixed by DFCCIL							
	Administration shall be recovered from Contractor.							
5.0	TRAINING TO SUPERVISORS AND OPERATORS OF CONTRACTOR							
	The Supervisors and Operators of the contractor proposed to be deployed at wok site, which is close							
	to the running track, shall be imparted mandatory training by the DFCCIL at site free of cost about							
	the safety measures to be adopted while working in the vicinity of running track. Engineer-in charge							
	of the work shall decide the scale, extent & adequacy of training. In case training is imparted at a							
	recognized DFCCIL training institute, the charges for the same, as decided by DFCCIL, shall be							
	recovered from contractor. A competency certificate to this effect to the individual Supervisor/							
	Operator shall be issued as given below by a DFCCIL Officer not below the rank of Project Manager.							
	No Supervisor/Operator of the Contractor shall work or allowed to work in the vicinity of running							
	track that is not in possession of valid competency certificate.							
	All the labour, materials, tools, plants etc. except detonators, required for ensuring safe running of							
	trains shall be provided by Contractor at his own cost. Wherever lookout men are provided by							
	DFCCIL, charges at the rate of Rs. 500/- per man day shall be recovered from Contractor.							
6.0	SPECIAL CONDITIONS FOR WORKING OF ROAD CRANES							
	To ensure safe working of road cranes used in works in connection with provision of ROB/RUB/Subways,							
	following items shall invariable be ensured before putting the cranes to use:-							
	(i) No machine shall be selected to do any lifting on a specific job until its size and characteristics							
	are considered against the weights, dimensions and lift radii of the heaviest and largest loads.							
	(ii) The contractor shall ensure that a valid Certificate of Fitness is available before use of Road							
	Cranes.							
	(iii) Contractors should utilize the services of any competent person as defined in Factories Act,							
	1948 and approved by Chief Inspector of Factories.							
	(iv) The laminated photocopies of fitness certificate issued by competent persons, the operators' photo, manufacturer's load chart and competency certificate shall always be either kept in the							
	operator cabin or pasted on the visible surface of the lifting appliances.							
	(v) All lifting appliances including all parts and gears thereof, whether fixed or movable shall be							
	thoroughly tested and examined by a competent person once at least in every six months or							
	after it has undergone any alterations or repairs liable to affect its strength or stability.							
7.0	Contractor shall indemnify DFCCIL against any loss/damage to public property, travelling							
7.0	public, DFCCIL or his own staff due to his (contractor's) negligence. In case there is any mishap, a fact							
	finding inquiry will be conducted by DFCCIL. A show cause notice will be issued to the contractor, in case							
	he is prima-facie held responsible. Contractor's reply to show cause notice will be considered by the							
	Engineer in Charge before taking final decision. In case contractor is found responsible for the mishap,							
	recovery from him will be affected for only tangible direct losses.							
	Competency Certificate							
	Certified that Shri Supervisor/Operator of M/s.							
	has been trained and examined in safety measures to be							
	·							

followed while working in the vicinity of running DFCCIL track for the work			
His knowledge has been found satisfactory and he is capable of			
supervising the work safely.			
This certificate is valid only for the work mentioned in this certificate only.

SPECIAL CONDITIONS OF CONTRACT (TECHNICAL)

PART-VI

SPECIAL CONDITIONS OF CONTRACT (TECHNICAL)

For the purpose of this tender in DFCCIL, stipulations and conditions as specified in CPWD standard specification as amended/corrected up to latest correction will be applicable, copies of which can be seen in the office of GM/Co. DFCCIL, Ajmer.

- 1.0 This Tender shall be governed by Preamble and General instructions to tenderers, General condition of Contract, Special conditions of contract, Technical Specifications, Additional Technical specifications (if any), Drawings, Forms, Annexures, etc.
- 2.0 If there are varying or conflicting provisions in the documents forming part of the contract, Engineer shall be deciding authority with regard to the intentions of the provision and decision of Engineer will be final and binding on the contractor.
- 3.0 The Materials, workmanship, technical specification refer Standard General Conditions of Contract-2022 of Indian Railways and Standard Specifications (Works and Materials) of CPWD-2019 as amended/corrected up to latest correction slips are to be followed. CPWD Delhi Schedule of Rates (Vol-I & Vol-II) of 2021, Delhi Schedule of Rates (E&M)-2022 as amended / corrected up to latest correction slips are to be followed. Non schedule items and their specification shall be followed. Apart from the basic data, specifications etc. all items of works shall be governed by the Codes & Specifications as detailed and as revised / corrected / amended up to 28 days before the due date of submission of the Bid Proposal.

Further, if any specification(s) mentioned above not available, good's industrial practices and/or Manufacturer's catalogue are to be referred in consultation with DFCCIL and decision of DFCCIL shall be final & binding to contractor.

- 4.0 **Inspection and Rectification:** During execution of said work, the contractor shall provide all facilities to inspect the site to the Engineer-in-charge or his representative.
- 5.0 **Erection & Equipment**: Before starting the work, the Contractor shall advise the Engineer fully as to the method he/she proposes to follow and the amount and character of equipment he/she proposes to use, which shall be subjected to the approval of the Engineer. The approval of the Engineer shall not be considered as relieving the Contractor of the responsibility for the safety of his/her method or equipment or from carrying the work in full accordance with the drawings and specifications. All temporary work shall be properly designed and substantially constructed for the loads, which it will be called upon to support. Annexure to Telecommunication Circular No. 17 /2013

JOINT PROCEDURE ORDER FOR UNDERTAKING DIGGING WORK IN THE VICINITY OF UNDERGROUND SIGNALING, ELECTRICAL & TELECOMMUNICATION CABLES.

- A. of Engineering works connection in with gauge conversion/doubling/third line are in progress on various Railways, which require extensive digging work near the running track, in close vicinity of the working S&T cables carrying vital safety circuits as well as electrical cables fooding the power supply to cabins, ASM room, RRI Cabin, Intermediate Block Huts (IBH) etc. Similarly, S&T organisation under open line or construction units under CAO/C, are executing various Signaling and Telecom works requiring digging of earth for laying of cables or casting of foundations for the ercetion of signal postsetc. RailTel is also executing the work of laying of quad cable and OFC on various Railways as a part of sanctioned works for exclusive use of Railways for carrying voice and data i.e. administrative and control communication, PRS, FOIS etc. or shared by RailTel Corporation of India Ltd. On certain sections digging is also required for laying of electrical cable and casting of foundation for the erection of OHE masts by Electrical Deptt. Generally, these works are executed by contractors employed by these organisations.
- B. However, while carrying out these works in the vicinity of working signaling, telecommunication and electrical cables, at times, cable cuts take place due to JCB machines working along the track or during the digging work being done by contractors carrying out the Civil Engineering works. Similarly, such cable cuts are also resulting due to works undertaken by S&T or Electrical departments. Such cable faults results in the failure of vital signaling and telecommunication circuits & electrical installations.
- C. Henceforth, the following joint procedure shall be followed by Engineering, Electrical and S&T (and RailTel organisation, wherever such works are being done by them) officers of the respective divisions and by the construction organisation, while carrying out any digging work near to existing signaling & telecommunication and electrical cables, so that the instances of cable cut due to execution of works, can be controlled and minimized.
- 1. S&T department (and RailTel, where they have laid the cables) and Electrical department shall provide a detailed cable route plan showing exact location of cable at an interval of 200 m or wherever there is change in alignment so that the same is located easily by the Engineering official/contractor. In addition, S&T department and Electrical department shall also provide cable markers along the alignment of the cable. These cable route plans shall be made available to the Sr.DEN/DEN or Dy.CE/C, as the case may be, by Sr. DSTE/DSTE or Sr.DEE/DEE of the divisions or Dy. CSTE/C or Dy. CEE/C within 15 days in

duplicate. Sr. DEN/DEN or Dy.CE/C will send copies to their field unit i.e. AEN/SE/P. Way & Works.

- 2. Before taking up any digging activity on a particular work by any agency, Sr. DSTE/DSTE or Sr.DEE/DEE of the section shall be approached in writing by the concerned Engg. or S&T or Electrical officer for permitting to undertake the work. Sr.DSTE/DSTE or Sr.DEE/DEE, after ensuring that the concerned executing agencies including the contractor have fully understood the S&T and Electrical cable route plan, shall permit the work in writing within 7 days of the request by concerned department.
- After getting the permission from S&T or Electrical department as the case may be, the relevant portion of the cable route plan shall be attached to the letter through which permission is issued to the contractor by concerned Engg. official for commencement of work and ensuring that the contractors have fully understood the cable route plan and precautions to be taken to prevent damage to the underground cables. The contractor shall be asked to study the cable plan and follow it meticulously to ensure that the safety of the cable is not endangered. Such a provision, including any penalty for default, should form part of agreement also. It is advisable that a suitable post of SE/Sig or SE/Tele or SE/Electrical(TRD or G) shall be created chargeable to the estimates of doubling/gauge conversion, who can help Engg. agencies in the execution of the work. However basic responsibility will be of the department executing the work and the contractor. Creation of posts is not mandatory.
- The SE/P.Way or SE/Works shall pass on the information to the concerned SE/Sig. or SE/Tele or SE/Electrical(TRD or G) about the works being taken up by the contractors in their sections at least 3 days in advance of the day of the work. In addition Engineering control shall also be informed by SE/P.Way or SE/Works, who in turn shall pass on the information to the test room/network operation center of RailTel/TPC/Electrical control.
- On receiving the above information, SE/Sig or SE/Tele or SE/Electrical(TRD or G) shall visit the site on or before the date of taking up the work and issue permission to the contractor to commence the work after checking that adequate precautions have been taken to avoid the damage to the cables. The permission shall be granted within 3 days of submission of such requests.
- 6. The name of the contractor, his contact telephone number, the nature of the work shall be notified in the Engineering control as soon as the concerned Engineering officials issue the letter authorizing commencement of work to the contractor. Test room shall be given copies. Test room shall collect any further details from the Engineering control and shall pass it on to S&T/Rai!Tel & Electrical officials regularly. In case the supervisors of concerned departments do not turn up on the day as advised in terms of para 4 and 5 above, the works of contractor should not be stopped on this account.

- In case of works being taken up by the State Government, National Highway 7. Authority etc., the details of the permission given i.e. the nature of work, kilometer etc. be given to the Engineering control including the contact person's number so that the work can be done in a planned manner. The permission letter shall indicate the contact numbers of Test room/Network Operating Centre of RailTel/TPC/Elect. Control.
- Where the nature of the work taken up by the Engineering department is such that 8. the OFC or other S&T cables or Electrical cables is to be shifted and relocated, minimum week shall be given notice one Division/RailTel/Construction can plan the works properly for shifting. Such shifting works shall in addition, for security and integrity of the cables, be snarryised by S&T supervisors/RailTel supervisors/Electrical supervisors.
- The concerned SE/P. Way/SE/Works/SE/Sig/SE/Tiele/ SE/Electrical(TRD or G) or 9. RailTel supervisors supervising the work of the contractor shall ensure that the existing emergency sockets are not damaged in view of their importance in providing communication during accident/emergency.
- In case of minor nature of works where shifting of cable is not required, in order 10. to prevent damage to the cable, the Engineering contractor shall take out the S&T or optical fibre cable or Electrical cable carefully from the trench and place it properly alongside at a safe location before starting the earthwork under the supervision of SE/Sig. or SE/Teie or SE/Electrical(TRD or G). The cable shall be rebaried soon after completion of excavation with proper care including placement of the brick over the cable under the supervision of S&T or Electrical supervisors. However, the work will be charged to the concerned engineering works. The responsibility for ensuring availability of SE (Signal), SE (Electrical) as per para 4 and 5 above lies with the respective department. The contractor will go ahead with the shifting of cables as per the program decided and he will not be held responsible for any cable cut.
- In all the sections where major project are to be taken up/going on RailTel/S&T 11. department shall deploy their official to take preventive/corrective action at site of work. As regards Electrical Department, the official may be deputed on need
- No new OFC or guad cable shall be laid close to the existing track. It shall be laid 12. close to the Railway boundary on one side of the Railway track to the extent possible to avoid any interference with the future works (doubling etc.). It shall be ensured in the new works of cable laying that the cable route is properly identified with electronic or concrete markers. Wherever multiple cables are laid in a trench, RFID markers may be provided for easy identification of the cable. Henceforth, wherever cable laying is planned, before undertaking the cable laying work, the cable route plan of the same shall be prepared by the Dy.CSTE/C or Dy.CEE/C

and shall be got approved from the concerned Sr. DSTE/DSTE or Sr. DEE/DEE and also from the concerned Dy. CE/C for new lines and from the concerned Sr.DEN for all other projects including doubling GC etc., to avoid possible damage in future. Such approval shall be granted within 15 days of the submission of the request.

- 13. The works of excavating the trench end laying of the cable should proceed in quick succession, leaving a minimum time between the two activities.
- 14. In case damage is caused to OFC/Quad cable and in factor of during execution of the work, the contractor is liable to pay a penalty for damaging the cable. Penalty shall not be levied in case of the following:-
 - (i) Defailed cable route plan as per clause C-1 not provided by concerned department or cable is not protected as per laid down procedures.
 - (ii) The alignment of the cable does not tally with the information provided to the contractor.
 - (iii) The cable depth is found to be less than 800 mm from normal ground level.
 - (iv) No representative of S&T department/RailTel was available at site guarding the cables on the fixed pre-determined date and time.
- 15. Penalty to be imposed for damages to cable shall be as under:-

Cable damaged	Penalty per location		
Only Quad cable or Signaling cable	₹1.0 Lakh		
Only OFC	₹ 1.25 Lakh		
Both OFC & Quad	₹1.5 Lakh		
Electrical Cable	. ₹ 1.0 Lakh		

Necessary debit in this regard shall be raised on the department undertaking the work who shall in turn levy the penalty on the defaulting contractor. S&T department shall raise the debits in case of damage to OFC or Quad or Signaling cable and Electrical department shall raise the debits in case of damage to Electrical cable.

16. Railways will not lodge FIR with RPF in cases of works being executed by authorized contractors of Railways who have been duly permitted to execute the works in accordance with this JPO. Joint note by the supervisors of the concerned department shall be prepared and the responsibility of the cable out should be decided without involving RPF. The joint note deciding the fact whether the contractor should be penalized shall be completed in a day's time from the occurrence of cable out.

In all other cases, when the cable is out by an agency that was not permitted to execute any work, FIR should be lodged with RPF.

- 17. While giving permission for taking up the works, concerned departments may note that earthwork by engineering contractors will normally be done by machines except in a few isolated locations where the quantity of earth work is very less.
- Railways shall make necessary correction in their future contract so that this IPO can also be enforced contractually.
- In case of damage to OFC, RaiiTel should be paid 5/6th of the penalty recovered.
 RaiiTel shall raise domands on the S&T department in this regard.
- 20. All types of signaling & OHE bonds i.e. rail bond, cross bond and structure bond shall be restored by the contractor with a view to keep the rail voltage low to ensure safety of personnel.
- 21. Above joint circular shall be applicable for construction as well as open line organisation of Engineering, S&T & Electrical.
- 22. S&T cable and electrical cable route plan should be prepared by the concerned S&T and Electrical officers respectively and got approved as stipulated in para C-12 before undertaking the work. The completion cable route plan should be finalized block section by block section as soon as the work is completed.
- All cable laying works shall be executed as per laid down technical specifications, such as protection measures/protective cover, compaction of refilled material etc.

Available Bid Capacity = $[A \times N \times 2] - 0.33 \times N \times B$

Where, A = Maximum value of construction works executed and payment received in any one of the previous three financial years or the current financial year (up to date of inviting tender), taking into account the completed as well as works in progress.

N=Number of years prescribed for completion of work for which bids has been invited.

B=Existing commitments and balance amount of ongoing works with the tenderer as per the prescribed proforma of Railway for statement of all works in progress and also the works which are awarded to tenderer but yet not started upto the date of inviting of tender. Note: The Tenderer(s) shall furnish the details of -

- Maximum value of construction works executed and payment received in any one of the previous three financial years or the current financial year (up to date of inviting tender) for calculating A, and
- (ii) Existing commitments and balance amount of ongoing works with tenderer as per the prescribed proforma of Railway for statement of all works in progress and also the works which are awarded to tenderer but yet not started upto the date of inviting of tender for calculating B. In case of no works in hand, a 'NIL' statement should be furnished.

The submitted details for (i) and (ii) above should be duly verified by Chartered Accountant.

- (b) In case if a bidder is JV, the tenderer(s) must furnish the details of
 - (i) Maximum value of construction works executed and payment received in any one of the previous three financial years or the current financial year (up to date of inviting tender) by each member of JV for calculating A, and
 - (ii) Existing commitments and balance amount of ongoing works with each member of JV either in individual capacity or as a member of other JV as per the prescribed proforma of Railway for statement of all works in progress and also the works which are awarded to each member of JV either in individual capacity or as a member of other JV but yet not started upto the date of inviting of tender for calculating B. In case of no works in hand, a 'NIL' statement should be furnished.

The submitted details for (i) and (ii) above should be duly verified by Chartered Accountant.

- (c) Value of a completed work/work in progress/work awarded but yet not started for a Member in an earlier JV shall be reckoned only to the extent of the concerned member's share in that JV for the purpose of satisfying his/her compliance to the above-mentioned bid capacity in the tender under consideration.
- (d) The arithmetic sum of individual "bid capacity" of all the members shall be taken as JV's "bid capacity".

- (e) In case, the tenderer/s failed to submit the above statement along with offer, their/his offer shall be considered as incomplete and will be rejected summarily.
- (f) The available bid capacity of tenderer shall be assessed based on the details submitted by the tenderer. In case, the available bid capacity is lesser than estimated cost of work put to tender, his offer shall not be considered even if he has been found eligible in other eligibility criteria/tender requirement.
