Hi Sir,

We have completed the task as mentioned below over the FACT web application :-

1. Home tenders redirected to "Notices Inviting Tenders" page.
2. Home tenders is showing bottom to top.
3. Photo Gallery and Video Gallery redirected to the detail page with date wise by clicking on View all.
4. WhatsNew section shown for all inner pages.
5. Home slider and inner banner hight now increased.

Please review the all points and share us with valuable feedback. So we can further plan for work accordingly.

Regards,
Arvind Kumar
