**CALLING OF QUOTATION FOR MIGRATION OF SAP LANDSCAPE FROM EXISTING
SAP CLOUD TO NEW CLOUD SERVICE PROVIDER**

DFCCIL is planning to migrate the organization's SAP services from the current Ctrl-S platform to a SAP Certified MeitY empaneled Cloud Service Provider (CSP). In this regard, DFCCIL invites quotation from reputed and experienced service providers for the seamless migration of our SAP data and services.

Scope of Work

- Migration of existing SAP landscape and user accounts from Ctrl-S to another CSP (choice of bidder).
- Ensuring zero data loss and minimum downtime during the migration process.
- All data must be validated post migration.

In case, a new service provider emerges as successful bidder, exit management to maintain business continuity by means of transfer of existing VMs (in case of some CSP) or VM replication (for different CSP) will be facilitated without any other terms & conditions, associated costs and disruptions in business continuity.
